Families will love Sea World because it is family friendly, nice, and an unforgettable experience. The best time to go is during the summer in the morning, so it is not packed. A good place to stay is the Sheraton Hotel. It is a great hotel to go to because it is close to Sea World and very nice. A good place to eat is a store where they have refillable souvenir cups, fruit and cookies.

One fun thing to do at Sea World is to go to shows and sit in the Splash Zone. Going to the touch tanks is fun as well. It is not expensive to get to. You could get there by driving. People will want

to come back again because it is fun, awesome, and an exciting experience. Sitting in the Splash Zone in different shows, you may get splashed by dogs, orca whales, and bottlenose dolphins. The Energetic Performer Takes the Stage

Demi Lovato

Radio stations play lots of pop music. Pop music is a very popular type of music. For example, Demi Lovato does lots of songs in which she sings energetically. Lovato writes lyrics about things that most people can experience in real life. For example, her song, *Made In the USA*, tells a story that can be real and not just part of a song.

Lovato's songs are for boys and girls of all ages. One reason why some people dislike her songs is because she writes so many love songs. However, a reason why many people like her music is because she writes songs that people can relate to. They are very energetic and not boring. Lovato has so many fans because

she sings interesting songs that are super catchy. Lovato was a famous singer and Disney star. In 2012 and 2013 she appeared on the X Factor and she became more famous. Lovato is a very famous artist now.

Book Review: The Silverback Ivan, The One and Only Ivan

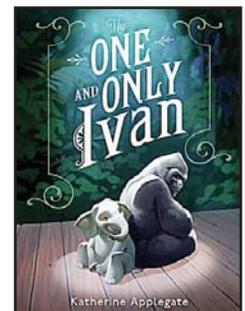

The One and Only Ivan by K.A. Applegate, is based on a real gorilla named Ivan. The book is good because it's so funny and it's a heart-warming story. Everyone will love this book.

Probably you will never see a silverback gorilla unless you read *The*

Movie Review: Escape the Maze

The Maze Runner is an action-filled dramatic movie. This movie is rated PG-13. Dylan O'Brien is the main character with Kaya Scodelario right by his side. O'Brien plays the character Thomas. Scodelario plays the character Teresa, the only

girl to ever come to the maze. Another actor named Thomas Brodie-Sangster plays Newt, one of the leaders.

The Maze Runner is about a group of kids who are stuck in a huge maze. The maze changes course every night. The movie is

sad because people die in it. It is also good because of the drama, which is entertaining. Everyone from age nine to 42 will love this movie.

A Legendary Review

Nintendo makes the *Legend of Zelda*. It is a NES game, which is an old cartridge by Nintendo. NES means Nintendo Entertainment System. The main character of the video game is Link. People usually mistake his name for Zelda. In the game he needs to find eight triforce pieces to get to Ganon to save Princess

Zelda. The video game takes place in a fantasyland named Hyrule. Hyrule has lots of magic and fairies.

In another game of the *Legend of Zelda*, *Majora's Mask*, the game has a moon with a terrifying face. In this game the moon falls and crashes into a city in Hyrule.

The *Legend of Zelda* is a lovable, amazing, and fun game. Most people love adventure and magic. Anybody would be amazed at how many dungeons there are. The player can also kill evil creatures that will try to kill him. Everyone will like this video game because it is about adventure.

How to be a Gymnast

In order to be a gymnast, one should always eat a healthy breakfast but not too much. For example, you should eat fruits, vegetables, and meats. You should bring water and a healthy snack to the gym for energy. If you eat a heavy meal before gymnastics, you won't feel well. If someone is trying to complete a flip and gets frustrated, they should take a

break and take a couple of breaths. Also, if you keep practicing, you'll get it! A lot of people in the world know how to do gymnastics.

You should always stretch before you actually get started. You shouldn't wear shoes when you do gymnastics and you should always wear something

appropriate. You should never wear a dress or a skirt.

My favorite gymnast is Gabby Douglas. She is the best gymnast because she is an Olympian.

Man-Eating Plants! A Fantasy Short Story

On April 26, 1986, a nuclear reactor blew up at the Chernobyl Nuclear Power Plant in Ukraine.

The plants grew slowly. In this day and age, the plants have fully grown to a height of four stories. They eat people, animals and they especially love cats. The plants are especially weak to physical weapons like swords. The plants first attacked Europe.

The plants smashed through buildings eating everything and there was even a fight for cats to see which plant would eat the cats. The plants love French bread. They went to the Eiffel Tower and made it fall, killing everyone inside. Then the army came to kill the deadly plants but they only killed ten of the plants.

There were 30 plants still remaining. Then

they even conquered all of the places around France. At the time, the only safe places were Australia, North America, South America, and Antarctica. The plants jumped on a boat, heading to Australia. However, the Australian forces killed them. All of them.

The End.

Go with the Mega Flow!!!

Why and how do you Mega Evolve a Pokémon? You will need many items, some are: a keystone, mega ring, or bracelet, keystone holder pocket, a final form Pokémon, and a creation mega stone. Garchomp, Abomasnow, Houndoom, and Banette can all Mega evolve. Different steps are required for each. For Garchomp, you need to achieve master rank in Secret Bases by getting 1,000 or more flags. For Abomasnow you need to find sparkles on the ground. For Banette, you need to go to Mt. Pyre.

Personally, I like the Mega Evolution of Houndoom because it gets bigger and its horns stand up. He has bones on a lot of his body and he is ferocious. Mega Banette is creepy because it has zippers all over its body and it throws shadow balls everywhere. Also, I like Mega Garchomp because it is full of detail and has a lot of sharp body parts. Mega Garchomp is very fast. I think everyone will like Mega Evolution because it makes your Pokémon look intimidating.
