104th Birthday for Universal

By Anthony P.

Now it's been a long time since Universal Studios made their first movie. The big number—104 years.

Universal Studios is one of the best known movie studios, because it is both a movie production company and a theme park. Universal Studios Hollywood opened in 1915, and the official studio tour began in 1964. It's first ride opened in 1991.

Today the theme park has many rides, such as Revenge of the Mummy ride, the Despicable Me Minion Mayhem ride, and much more.

The newest attraction is Harry Potter World, which includes Harry Potter and the Forbidden Journey Ride and the Flight of the Hippogriff ride.

Thousands of people visit Universal Studios theme park every day.

There are two sections—the lower lot and the upper lot.

Finding Dory

By Ismael L.

Finding Dory takes place in the ocean. In the beginning of the movie, Baby Dory and her parents go to the aquarium. They are Blue Tang fish.

She finds stones and as she swims to get them, she gets sucked into a pipe that goes to the ocean. She gets out of the pipe and swims into

the ocean, but she cannot find her parents. She

searches everywhere, but she cannot find them.

Dory grows up and forgets about her parents. However, she remembers them later on in her life and continues her search.

When she is flushed into the ocean, she meets Nemo's dad Martin who is

Cats

By Natalie C.

The amazing world of wonder awaits you! Cats are animals full of wonder, so lets learn about these cat family mammals!

Cats conserve energy; they sleep 13 to 14 hours a day!. Cats also are hunters, what helps them hunt

are their flexible bodies and razor sharp teeth.

Domestic cats weigh about 8 to 11 pounds. Cats have night vision. If you have a cat, this is why your cat goes out mostly at night.

And don't bring a cat to a fish birthday, or it will

just turn into a funeral.

A group of cats are called a clowder, and a male cat is called a tom. And of course baby cats are called kittens.

Cats can live for almost 15 years, and there is an old myth that cats have 9 lives.

Pit Bulls

By Leia E.

Some people think pit bulls are scary, and some people think they are cute.

Pit bulls are warm blooded. They can be big but when they are babies they are small but can still bite.

You may see pit bulls at the animal shelter or pound, and it is hard to see a little dog alone at the pound.

Pit bulls can have 13 babies or more at birth. Some pit bulls puppies can die, which is sad.

Some pit bulls have very beautiful colored spots and eyes. A pit bull can have blue, green or brown eyes.

People also put them in the dog parade to show off their type of dog. Pit bulls should be cared for.

Fox

By Natalie C.

The red fox is a very fun animal to learn about.

The fox has a lot of whiskers. There are whiskers on the foxes' paws, and their nose whiskers help them navigate.

Foxes have a very good sense of hearing. They can hear ticking of a watch from 40 yards away!

Foxes also have vertical pupils like cats, and that helps them see at nighttime.

They live in small burrows in under ground holes; that is where they protect their babies.

Boy foxes are called a dog fox ,a girl fox is called a vixen. Unlike wolves, foxes do not hunt in packs.

WHAT'S YOUR FAVORITE HOLIDAY?

CHRISTMAS EVE

My favorite holiday is the day before the holidays, Christmas Eve. I like Christmas Eve because I get together at my grandma's house with the rest of my family and cousins. At my grandma's house, there's a Christmas tree where each person gets a gift for his or her secret Santa. Last year I got Star Wars Legos from my mom. And those are a few reasons why I love Christmas.

Anthony P.

My favorite holiday is Christmas Eve because my family is getting ready for Christmas.

The first reason why I like Christmas is because you can hang out with your family. They make really good cookies and they also make really good baked chicken.

The next reason why I like Christmas is because you can open up presents that are under the tree. Last year I got a really cool football, which I used to play with my cousins.

I like Christmas because it is really fun.

Jaden A.

CHRISTMAS

My favorite holiday is Christmas because you get presents and the family comes over. Also, my birthday is on Christmas Eve and every year I go to Disneyland because it is fun.

Last year my best friend came and I had so much fun with her. We went on a lot of rides like California Scream because that's our favorite ride.

I love Christmas because you get a lot of stuff. After Christmas the family comes to our house and hangs out with us, say happy birthday to me, and give me gifts. Then, after everyone has left, my mom cleans the house.

In the morning, when I go down stairs, there are presents under the tree. One time there was a present in the chimney, and it was so funny. Santa messed up our living room, and my dad got so

mad at Santa. It was the FUNNIEST thing I EVER SAW!!! I will never forget it.

It's really about getting presents, having fun on Christmas, having a birthday on Christmas Eve, going to Disneyland, going on rides at Disneyland all the time, eating there too, and seeing the fireworks.

It's really nice at Disneyland when it's Christmas and Disneyland is decorated with Christmas pride. It's really cute when you see the floats in the Disneyland parade and costumes like gingerbread and the fake snow.

When you go to California Adventure, they have the same things but different rides. My favorite rides are California Screamin', Hollywood Tower of Terror, the Grizzly River Run, and Soaring Around the World.

One time I went on the Grizzly River Run, and I got so wet that even my hair, clothes, glasses, and shoes got wet.

One thing I do at Disneyland is have fun with my mom, dad, and my sisters. For dinner at Disneyland, we went to a fancy restaurant that had a Disney princess there.

Fatima L.

Christmas is my favorite holiday. When I wake up, I love to wait in the living room so I can wait for my family to come down stairs and open presents.

I also love Christmas because I can go to multiple stores. It is super fun having Christmas with my family. We go to so many places.

Amaya D.

Christmas time. The smells. The laughter. The carolers. Don't you just love Christmas time? Kids all over the world love Christmas time. They love Christmas mostly because every Christmas Eve.

Santa comes down your chimney and leaves you all sorts of presents.

Anastasia R.

Christmas is a great holiday to spend with your family. You can roast marshmallows, eat cake, and make gingerbread houses. Your family can come over.

My favorite part is to open presents because there is a fifty percent chance you may get what you want for a present.

Angel T.

I like Christmas because I get to spend time with my family and open presents.

WHAT'S YOUR FAVORITE HOLIDAY?

It can be very fun and very sad but most of the time it is fun.

If you didn't know it, Christmas is not for presents but it is for spending time with you family and being thankful for what you got instead of not being thankful and getting nothing.

You also get to have Christmas dinner and most of the time it's a big

dinner. Sometimes you get gravy, mac and cheese, soda, and a Christmas turkey.

Ava H.

Christmas is the best time of the year because you can spend time with your family and friends.

Another reason is because if you are under the mistletoe with the person you like, the person may kiss you.

My favorite part is when you get presents. One other favorite part is when you sit at the table for dinner.

These are the reasons why I like Christmas.

Jackson B.

Christmas is my best holiday because you get to spend time with your family. MY favorite part

is when you open up your presents. After that some times we could play with our toys. Sometimes we meet are family members and say hi. MY family also they also give me presents to like Nonie.

St. Patrick's Day the Irish Way

By Evelina M., Northern Ireland

St. Patrick's Day in Ireland is a little different from the American tradition. We don't hold huge parades, dress up as leprechauns or eat corned beef and cabbage. We do things a little differently.

The week before St. Patrick's Day, we learn all about Saint Patrick in school, about how he was stolen and sold as a slave and how he chased the snakes out of Ireland, but we get the 17th of March off because it's a national holiday here.

Not complaining. Usually everybody puts on their green Irish football tops and climbs Slemish mountain. This is supposedly where Saint Patrick spent his days, herding sheep. If you're really dedicated, you can climb it barefoot just like Saint Patrick did but I've never attempted that.

After that there's a small parade in town. There's usually a band of bagpipes and a team of Irish dancers. Like every year in the past, it will probably get rained on but

that's okay because everybody will just move indoors to the local pub. They take out their fiddles and accordions and play some traditional Irish music. Anybody who can Irish dance does a little jig or if you have two left feet you can just clap along.

Then we eat roast chicken and potatoes, and the adults drink a lot of beer. That's how we celebrate in Ireland. What do you do in America?

Seventh Street Sailor

WHAT'S YOUR FAVORITE HOLIDAY?

All holidays are fun but Christmas is the most fun of all.

Making cookies is one of the best things. I like to make my brother's cookies so when he is not looking I can do something to them.

Decorating the Christmas tree is another favorite thing to do. I like to see all the ornaments. I like to move all of my brother's ornaments around.

I like when Santa comes and we leave him cookies. One year we left him pretzels. Santa moves everything around and puts candy canes on our tree.

Opening presents is my favorite part of Christmas. I like to give presents too. The wrapping paper and ribbons are colorful.

Eating candy in the morning is a great part of Christmas. My favorite candy is the candy canes. Waking up early and seeing what Santa brought before my parents get up is fun.

Christmas has many fun things to do. That is why it is my favorite holiday. Playing tricks on my brother is fun too.

Megan P.

I think Christmas is a good holiday to have fun!

When it is December, you run in your living room to find a Christmas elf. You have to look all over! And if you're lucky, you can find it bathing in hot chocolate with marshmallows. And that's what I call funny. Sometimes they leave you a treat in bowls. And that's why I think CHRISTMAS IS FUN!

Natalie C.

My favorite holiday is Christmas because it is near my birthday, which is on December 10.

Another reason is that I would get a lot of presents but I get even more presents because my birthday is near Christmas but on Christmas, it is God's birthday.

One more reason is that I have lots of friends that have birthdays on Christmas, so I have lots of fun going to parties. One time, I went ice-skating with a friend for her birthday.

One time I heard Santa sitting on the couch and I was surprised.

I love eating the leftover turkey and cranberry jelly.

We also open a present on Christmas Eve. My auntie comes over, and my auntie and I go

on an app on my auntie's phone called *Santa Tracer* and it tracks Santa so I know where Santa is and get to bed on time.

These are the reasons why I like the holiday Christmas

Nathan P.

Christmas is my favorite holiday because it is Jesus' birthday. Jesus was born on December 25, between 6 BC and 4 BC because nobody really knows what year he was born. But that is why we celebrate Christmas.

Also it is my birthday on December 28, which is 3 days after Christmas.

Paul A.

My favorite holiday is Christmas because I can spend time with my family and can celebrate Jesus' birthday. I also get presents, and I like seeing smiles on the faces of my family and friends when I give them presents.

At school, I love doing secret Santa. Secret Santa is where we give each other presents..

Persephanie S.

My favorite holiday is Christmas. One of the reasons it's my favorite is that you can spend time with family. For example, I get

to hang out and spend time with my aunts and uncles. We also usually have a barbeque and sometimes I get to spend the night at their house and sleep in my cousin Alyssa's room.

Another reason why Christmas is my favorite holiday is baking cookies. I really like to bake with my mom and sister. My mom and me bake cookies and we all get to decorate our own cookies.

My favorite thing about Christmas is presents. I love them because usually I get everything I want... well almost everything I still have "Rusty" the old bike.

Anyways I love Christmas because of all these reasons.

Rayleen D.

FOURTH OF JULY

The 4th of July can be fun because you can see family and have lots of fun. Some people think it's not fun. I think it is fun and most of my family think it's fun too.

Last 4th of July, I went to my cousins' house and

WHAT'S YOUR FAVORITE HOLIDAY?

HALLOWEEN

had a party. We had a lot of fireworks. We left at three o'clock and stayed till ten. We also had a jumper.

Sometimes we go to the beach to watch the fireworks. We also invite family members for dinner or dessert to watch the fireworks.

I like the pretty kind of fireworks with big colors and the ones with the words and pictures

I also like to play tag with my cousins under the night sky and that is why I like the 4th of July.

Leia E.

Guess what! It's the United States' birthday! Get a blanket, get family, and go to the beach! Sit down and wait for the fireworks to come. Bring some snacks if you want. When the fireworks begin, just sit, relax, eat some snacks while watching the pretty show!

I like the Fourth of July because it gives you time to spend with your family plus it's only six days away from my birthday. It is also the birthdate of our nation! So everyone stop picking Christmas as your favorite holiday and start picking the 4th of July!

Nate M.

Halloween is the best because you can play and have fun with your family.

You can go to kids' houses and get lots of candy.

You can see the cool lights on people's houses and you get to decorate your own.

Do you like Halloween? I know I do a lot. I like to listen to songs and get to eat dinner with my family.

Ariana A.

One of my favorite holidays is Halloween. Many people enjoy Halloween and love to go trick-or-treating.

The name Halloween comes from the words "all hallows eve." But after a while people started calling it Halloween. Soon everybody knew it as Halloween, and it is called that to this very day. People also love Halloween because of the candy!

Annabella A.

My mom and I dressed up for Halloween for 2015. My mom was a cop and I was a skeleton.

First we went to the house next to us, and when we walked up to the house, there was a clown right behind the bush, and it jumped and scared me just like in a scary movie. After that we went to the next house and saw a magic trick.

Later we went to the market and got a Halloween pizza—a gummy one. That was the best night ever.

Ashley M.

I like Halloween because you can get candy. I love to get candy because it tastes good. Candy is yummy.

I also like to dress up, so I love Halloween. It is fun on Halloween.

Jaden M.

My favorite holiday is Halloween because I like to go trick-or-treating, and I like to dress up in a different costume every year.

Another reason why I like Halloween is because I like to spend time with my family and get different kinds of

candy. Sometimes there is candy I have never tried so it's always fun to try new things.

When I'm out trick-or-treating, everybody is dressed in different costumes. It also gives me an idea of what I could be for the following year. That is another reason why Halloween is one of my favorite holidays.

Juliette M.

It was a dark and spooky Halloween night, and I was going trick-or-treating with my brother and his friend.

We went to the first house, and I knocked on the door. The door creaked as it opened, and there was a witch at the door. She gave us candy and said "Happy Halloween." We thanked her for the candy and said goodbye.

Then we went to the next house. My brother knocked on the door, and no one answered. No one opened the door because no one was home.

Then we went back home. I went to bed and dreamed about tacos, cats and pancakes, while I was on a taco planet.

Cheer

By Fatima L.

In cheer, they have to do a lot of dancing but there also is flying and the girls at the bottom. Those who fly are called flyers, and the bases are those who lift the flyers. They have to be careful so that the girls who are flying don't break a bone.

In cheer they have to wear the cheer uniforms and sometimes they put gold or pink glitter in their eye shadow. For the hair, they usually wear it in a high pony tall and tie it with a cheer bow.

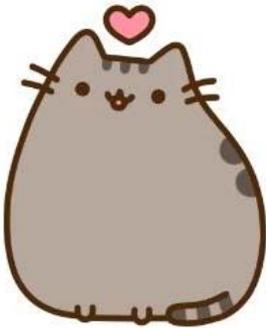

If they compete at cheer competitions, they

could go on to being state, national or world champions.

The Great White Sharks cheer team are the best, because they were world champions in 2014 and 2015, and the bronze winner in 2016. They are the best squad ever.

Pusheen the Cat

By Annabella A.

Pusheen the cat is a very famous awesome cartoon cat. She even has her own stuffed animals, books, coffee mugs, games, and more.

Pusheen has some very funny cartoons of herself on YouTube. In one video, Pusheen's head was moving up and down with toast on her

face, which is also in the book.

Pusheen has a younger sister named Stormy and her mom is pink and her dad is blue. Pusheen absolutely loves her food and she always has a lot of food and wants more. Pusheen looks very fat but to her she is even fatter in reality—funny right?!

Pusheen can do really interesting things like ride a bike and she likes to paint and of course loves to eat food.

Pusheen loves to sit on peoples' lap and when she does she always faces her behind at them.

Lot of people like Pusheen. Join us today!

Tsum Tsum

By Anastasia R.

Tsum Tsum (soom soom) are Disney characters shaped like rectangles. They look like overloaded Tic Tacs.

They come in about four different sizes. One of the sizes are huge; it's about the size of two watermelons. Some are very

small and collectible. The main characters are Mickey, Minnie, Goofy, Daisy, Donald Duck, and Pluto.

Dave & Busters

By Jayden A.

Dave & Busters is a fun place. It is a really big arcade.

Inside Dave & Busters, there are a lot of arcade games that are really cool.

If you like to play basketball you should go there because they have a game, where you can shoot basketballs. They

have about four hoops and they have a huge hoop only for two people.

At Dave & Busters, they also have food and they have pool tables for adults. There also is a prize area where people can redeem the tickets they won.

At Dave & Busters, people can play games

like air hockey and skee ball. The really cool thing is when people are done playing all the games they want they can redeem the tickets for prizes. Some prizes are drones, game consoles, cool plushes, and more.

Then people go home with their cool prizes that they've won.

Soak City

By Ava H.

During the summer I went to Soak City with my brother Abraham, his friend Dustin, my friend Victoria, her sister Kayla and her friend, my dad, and Victoria's dad.

The first ride we went on was the funnel ride with the four seater float. After that we went to the Lazy River ride, and we went around it four times.

Later, we went to the Riptide Water Slide and the Point Break Water Slide. Both are a lot of fun.

I went back to Lazy River with my dad, and we went around five times. My brother Abraham didn't want to go on Lazy River again, but my friend Victoria and I did, so we kept going around until we finally had to get out.

Then we went to the another water slide, and some rude people cut the whole line instead of waiting their turn like everyone else.

The last thing we did was go to the Funnel ride, but it took way too long to go through the line so we just went home.

Soak City is a fun way to spend a summer day.

SOAK CITY ATTRACTIONS

Some of the Soak City attractions are: Banzai Falls (a six-lane family Mat Racer water slide); Gremmie Lagoon (for small kids); Laguna Storm

Water Tower (three enclosed slides), Malibu Run (four exciting slides—Dropoff, Wave Chaser, Heavy Swell, and Rincon), Old Mall Falls (three speed

slides); Sunset River; Tidal Wave Bay; and Toyota Beach House slides. Two new attractions will open next year—The Wedge and Shore Break.

St. Louis Cardinals

By Anthony P.

St. Louis is a great place to visit. They don't like too many sports like football, basketball, and other sports, but something they absolutely love are baseball.

The team they love is the St. Louis Cardinals. The Cardinals have won more than 13 world

championships. Some of the most famous players now are Matt Adams, Jhonny Peralta, and Matt Carpenter. The St. Louis Cardinals play in Busch Stadium.

In all, it's an amazing team and St. Louis is proud to have a team with great players.

In one year the most runs the Cardinals scored was 1,004 and the most hits was 1,732.

The St. Louis Cardinals are one of the five best teams of all time.

St. Louis Cardinals merchandise is really good but the rarest is the original jersey.

Soccer

By Kristofer A.

The sport I play is soccer, It is fun and not boring, but it can be really tiring.

In soccer, there's a goalie, defenders, midfielders, forwards, and other positions.

The UCLA Bruins have a good soccer team. It is a

member of the Pac-12.

On every Thursday I have soccer practices and on every Saturday I have a game.

I like soccer because it's a fun game to play and it's fun to win but mostly my team loses.

Besides soccer, I like

baseball and other games but soccer is my favorite game.

If you play in a field in Torrance, there may be planes flying over you and you might sometimes see planes going over while you are playing.

Golden State Warriors

By Jayden A.

The Golden State Warriors is a good team because they have a lot of good players. The best player on that team is Stephen Curry because he can shoot threes.

They have two good players that are also on that team. The best players are Klay Thompson and Kevin Durant. They

might even win the championships.

Klay Thompson can shoot a lot of three-point shots. Kevin Durant used to be in the Oklahoma City Thunder with Russell Westbrook, but now Kevin Durant is now on the Golden State Warriors.

This year, the Golden State Warriors lost the

championship but the year before they won in 2015. This year and last year they faced the Cavaliers.

Next year, the Golden State Warriors might go to the championships again, because of a Stephen Curry. This is one of the reasons why the Warriors are a really good team.

Baseball

By Mason M.

There are nine positions in baseball. There's a pitcher, catcher, first base, second base, shortstop, third base, left field, center field, and right field. The maximum number of players is 11.

In baseball there are only 9 players on the field.

If one team has eight players the coach tells one person to fill the empty spot on the other team.

When the infield catches a ball, he throws it to a baseman to try to get the other team's player out. If the second baseman catches the ball, if

the second baseman catches the ball, he can throw it to first base to get the batter out. Same for the shortstop who catches a ball. The whole outfield throws it to the cutoff man. The pitcher throws the ball to the catcher. This is why I like baseball.

Green Bay Packers

By Jayden A.

The Green Bay Packers are a good team. They are located in Green Bay Wisconsin. They have plenty of good players like Clay

Matthews, Jordy Nelson, and more. They also have a good quarterback named Aaron Rodgers.

The Green Bay Pack-

ers were founded on August 11, 1919.

The Packers have won 13 league championships

Minecraft

By Nate M.

Hmm.... Place a block here, a block there, and PERFECTO!”

Minecraft is a good game for exploring and building whatever you want. Millions of people play Minecraft. If you don't play it, you're definitely missing out.

There are three different device types for Minecraft. One is a console, another is a portable device, and the third is a computer. You can play Minecraft on an Xbox 360/ONE Edition, Pocket Edition, and then the Orig-

inal Minecraft which is played on a computer. Personally I like the PC and 360 Edition.

Minecraft actually helps you with some skills you need to be good at and it benefits you in different ways. If you want the game, look up the benefits, and you can tell your parents about them.

Minecraft is probably one of the most beloved games of all time. Also people have created such cool stuff you can spend hours playing with what they made. There are also

many YouTubers that play the game. So you can have hours of enjoyment of just watching people play the game! You can even add mods or texture packs to make the game a more fun.

The point is to get the game and have fun with it and hopefully even play with your family members! Just go home, do your homework, then hop on your device with your family.

Minecraft is a game has no limitations at all so just play!

Terraria

By Nate M.

“Terraria, a rip off of Minecraft” is what a lot of people say. “DIG, BUILD, EXPLORE!!” is what fans say. It really explains the game. The thing is that Terraria is nothing like Minecraft. In Terraria there isn't even such things as blocks! They are actually tiles, plus the game is 2D! You can ask anyone on YouTube or someone you know that loves Terraria and is really good at the game, they will say this is

true! Unlike Minecraft, Terraria has many different bosses. When you win the Wall of Flesh you leave easy mode and enter hard mode.

Easy Mode

When you create a world in Terraria, it is set as Easy Mode. You need to create a shelter as fast as you can, because Zombies and other monsters are out to get you, and they are super tough compared to you when you

just are starting out.

After you build your shelter, you need to find a Guide Voodoo Doll and go down to the underworld. You throw it into the lava and start the fight for the Hard Mode.

Hard Mode

After you defeat the Wall of Flesh, you will be sent into the Hard Mode. Various things will be sent out to get you.

From here on, you are on your own.

Clash Royale

By Jackson B.

Clash Royale is a multi-player game for your phone or tablet. It is free but you pay for premium features. It is also a strategy game.

When you first start the game, you are in Goblin Stadium. After that you

go to the Bone Pit. The third level is the Barbarian Bowl. Once you beat that arena, you go to P.E.K.K.A's Play House, and after that you go to Spell Valley.

After Spell Valley, the next level is the Builder's

Work Shop, then Royal Arena, then Frozen Peak, and last but not least the Legendary Arena.

You can get to these arenas, but you have to put in effort and thinking. You also need a good deck. Some of the new cards are great, but some of the new cards are bad.

The reason I play this game is because I like strategy games. The reason I like strategy is it makes me think. So far I love this is my favorite game. Hope you like it!

Cubic Castles

By Annabella A.

Cubic Castles is an amazing game. In Cubic Castles, you can play on a tablet or on a computer. You have an inventory and you have a hand with a swirl on it. That is your way of breaking blocks, if that hand is not selected you can't break things.

If you have a block in your inventory you can select it to build by tapping/clicking another block. You have your own

house. Well I guess you could call it one. It is your realm! You can build and break anything you want there.

One of the best things in this game is clothes. You can have wands, hats, pants, shirts, ears and last but not least, pets! You can drag them to your character or open up the clothes inventory and manage there. You can trade for items and grow as you play.

Now one main thing—and the best thing that you need—is the money source Cubic's. You can get them by watching ads or doing special offers, trading for cubits or mining for cubits!

Cubic Castles is free and fun to play.

Cubic Castles is an MMO, which is a Massively Multiplayer Online game. Many people can play the game online at the same time.

Pokémon

By Johnny M.

Pokémon is an awesome game for any person. There is a new game for Nintendo DS that came out on November 18th, Pokémon Sun and Pokémon Moon. In my opinion, Pokémon sun

and moon is the best Pokémon game, but of course not better than Pokémon Go.

Pokémon Go is a game that is not used by a Gameboy or a DS but on your phone. Pokémon Go

first came out on January 1st, 2016. Like other Pokémon games, you try to catch all the Pokémon.

As a trainer, I am still on beginner level 16. My strongest Pokémon is Arcanie. His CP (Combat

PopularMMOs

By Angel T.

POPULARMMOS, also known as Pat, is a famous YouTuber that plays Minecraft. He is married to a fellow YouTuber named GamingWithJen, and her real name is Jen. They do lots of series like: The Chal-

lenge games, Epic Proportions, Crafting Dead, Slitherio, Hunger Games and Mod Showcase. My favorite is Five Nights at Freddie's because Pat screams like a little girl.

Pat is 27 years old and joined YouTube in

2012. He has over 9 million subscribers. I watch him because he is funny and cool. He is also funny because he makes jokes.

Pat makes a lot of money from his Minecraft videos. I hope you go check it out!

Supergirl

By Amber M.

Supergirl is related to Superman. She is training to be a Superhero.

Supergirl is blond and has laser eyes like Superman. She has amazing girl power and saves people from falling buildings.

She can fly and wears almost the same suit as her cousin Superman. Supergirl takes down Supervillains. In the CW TV show, she works with her crime-fighting boss, Hank Henshaw, her work boss, Cat, her sister (by adoption),

Alex Danvers, James Olsen and her friend Winn Schott.

Supergirl tries her best to save people. She fights Lex Luther and aliens. She also fights metahumans who are humans with superpowers.

Short Story: Christmas Gone Wrong

By Rayleen D.

The Jones' woke up on Christmas morning with no tree, no stockings, and definitely no presents. The reason they didn't get anything is because they didn't like Christmas. They thought that it was a waste of time. Also they hated Santa Claus.

The reason was that Mr. and Mrs. Jones never got presents when they were kids because they were bad. At school, they were always in the principal's office; they practically lived there.

They actually did get a present one-year—COAL.

When they grew up, Mr. and Mrs. Jones made

Christmas bad for their kids. Their kids were sweet but because of the bad impression their parents left, they were misunderstood. But they also had a mischievous side to them. For example, they pranked a teacher but I can't say that they did a bad prank because they actually they were trying to be nice but it came out wrong. They were setting up a nice surprise but the teacher was walking by and saw them and told them to stop. They got so mad they called her the worst teacher ever.

The night before Christmas, the kids left a note to Santa Claus. They

also left gingerbread cookies and milk, and hoped to find presents in the morning. Even if they did get presents that would be the most presents they ever had gotten in their whole life. Since Mr. and Mrs. Jones hated Christmas they didn't celebrate the holiday ever.

The next day they woke up and there were presents under the table where they left the note. The parents said, "Where did these presents come from?"

"Santa Claus," they replied. At first Mr. and Mrs. Jones were mad, but in the end it was alright.

Short Story: Halloween Gone Wrong

By Ana B.

One stormy Halloween night, Jimmy and his friend Daegan went ding dong ditching. They didn't care about getting candy but what they did care about was pranking and scaring people. They were obviously pranking people and they dressed up as clowns going around scaring people.

They were knocking on many houses but one stood out to them. They slowly and cautiously knocked on the door. The door opens with a creak and they see nothing but a head. They scream and start running down the slippery, wet sidewalk.

While they were running Daegan slips on the

very wet floor. "Are you ok?" says Jimmy.

"Yeah now let's stop running I think it's gone." replies Daegan.

"Yeah let's go home."

As they started walking home they hear a whisper behind them.

'I'm back.' says the voice.

Universal Studios

Continued from page 1

The lower lot has a lot of rides—Revenge of the Mummy ride, Transformers ride, and the Jurassic Park ride. The Jurassic Park ride has a 100ft drop and an area for little kids called the Dino Play Zone. The Transformers ride has a 3d touch with some drops. The Mummy ride goes super fast and at one time, it goes backwards.

The upper lot has a few rides such as the Minions ride, the Simpsons ride, this ride that is for 3

year olds near the minions, the super silly fun land (from minions 1), the Shrek ride, and the tour bus.

The tour bus takes you around the studios, showing you the movies sets, talking about the movies, and more.

There also is the Walking Dead ride but saving the best for last is the Harry Potter ride! There are two rides in Harry Potter World— Harry Potter and the Forbidden Journey, and the Flight of Hippogriff.

In Harry Potter world there's a shop called Ollivanders. If you love mystery, go to Harry Potter World.

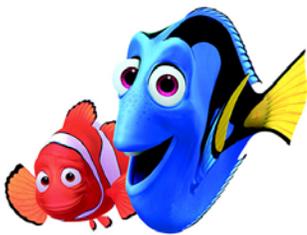

WaterWorld is based of the movie and it's a great show to watch, but if you don't like getting wet, action, and fire, don't go to WaterWorld.

Universal's animal actors show is funny, cute, and family friendly.

Universal Studios is a great studio and theme park. It's had many changes since its first ride.

Finding Dory

looking for his son Nemo, and she helps him find Nemo. So when they find Nemo, Nemo and his dad decide to help Dory look for her parents.

When Dory is caught by the aquarium, Nemo and his dad decide to look for her. With the help of their turtle friends, they travel to where they think Dory is.

Meanwhile, Dory meets an octopus. She has a plastic tag that the octopus wants, so he agrees to help her find her parents.

Nemo comes with his dad to the aquarium to try to find Dory. They get in a bucket and get flown into the aquarium with the help of a bird. Then, Nemo and his dad jump over water to get into the section of the aquarium where they think Dory is.

The octopus sneaks around with Dory, and they go into the water. The octopus lets out ink and it is stinky! Dory falls in the water and meets a dolphin and a whale. She then finds a pipe. Dory gets in the pipe, and the

whale uses his special hearing to help Dory get through the pipes.

Then, she sees something. She sees Nemo and his dad! Together, they make their way out of the pipes.

To continue her search for her parents, Dory goes to a different part of the aquarium but she cannot find them, and she believes that they might be dead. Later, however, she finds her parents by following a row of seashells that her parents left for her. It was a happy ending!

SEVENTH STREET SAILOR

Halloween Gone Wrong

Continued from page 17

They take one glance at each other and start sprinting as fast as a cheetah. When they finally come to a stop, Daegan says, “Well that got my heart beating.”

“Tell me about it.” says Jimmy.

When they finally got home, their parents were furious. They didn’t like the fact they dressed up as clowns and they didn’t like that they went ding-dong ditching. They got in very big trouble and got grounded for a month. I

guess no more Halloween for them.

That was the WORST Halloween ever for them and they’ll probably never go ding-dong ditching ever again or dress up as a clown and never go to that house.

Note from PressFriends

Do the WRITE Thing

We are excited to be in our seventh year working with the students at Seventh 7th Street Elementary. We have a great group of mentors this year, and many thanks to Ms. Kelly Miller and Ms. Kate Samms who oversee the mentoring sessions. Also, our thanks to Mrs. Wendy Sanchez, your principal, for her support.

PressFriends is an all-volunteer, youth-led non-

profit. Our goal is to make writing fun. Since PressFriends was formed by kids for kids in 2008, PressFriends has mentored over 3000 elementary students and printed over 50,000 newspapers.

We want to thank all of our mentors at 7th Street and their parents for volunteering to help with the newspaper club.

We are very excited to be taking the 7th Street

Sailor editorial staff to the Science, Technology, Engineering and Writing (STEW) workshop sponsored by the USC School of Engineering and PressFriends. Students who attend will be published in USC Kids News as well as in the Seventh Street Sailor.

A special shout out to the Fongs for taking care of all the materials and helping with the photos..
