THE OUTSTANDING PRESSFRIENDS

By YREKKA P.

PressFriends is a group of teens in Junior High and High School. These teens help kids in younger grades with writing articles and English overall. Their mission is to make English an interesting topic for all kids and not just another subject in school. PressFriends encourages you to speak your mind through writing. The teens are so unique and creative when you get to know them. The teens over time become one of your closest and best of friends. Everyone in PressFriends is bound to love the group. When you're writing your article you may learn a thing or two about English or writing. When you are writing in PressFriends it

gives you a spark of imagination that feels amazing once you put it into words. By now you should know that PressFriends isn't just a group of people helping you with school. It is a group of friends that will make you love the amazing subject English.

Lomita Leopard's Roar reporters at PressFriends 7th Annual Conference

DON'T MESS WITH EL NINO

By WILLIAM H.

Don't mess with this flood because you will regret it! Research shows that it is a very strong storm that is very harmful to thousands or millions of people that live on the Pacific Coast. The way how you can know El Nino occurred is when the Tropical Pacific waters are warmer than normal. Research is not sure why El Nino has occurred in a regular cycle because it occurs every three to seven years! El Nino is so serious it has impacts all around the world and thou-

sands or millions have been harmed during its treacherous cycle. The sea has been so bad the ocean cycle has been disrupted

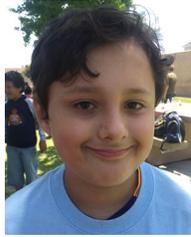

due to El Nino! El Nino has been accused of being in two major systems and responsible for floods, droughts, thunderstorms, extreme rainfall, milder Canadian winters, lowered cyclone, hurricane activity, and lower monsoons. So again, don't mess with El Nino's treacherous weather. YOU WILL REGRET IT!

MADRONA MARSH: A SCHOOL FIELD TRIP

By LANDER S.

Are you ever bored and do you need something to do? I think Madrona Marsh is the right place for you to go to! There are animals like birds and gopher snakes. If you need any directions, it is just right next to Wilson Park!

My favorite part is when I saw a gopher snake. There are birds

ranging from blue jays to swans. The tour guide let us touch a real life gopher snake, but I wasn't scared because I knew that they weren't dangerous to humans. Our guide told us that if we got bit, we just needed to wash it off.

I also saw a lot of plants and my favorite was the cotton plant. I got to see

many animals such as the turtle. I got to see the turtle in this room where they put animals in. I also saw frogs, lizards, and many more. My favorite part of the field trip was when we got to go to look through a microscope and see things.

This field trip was one of the best field trips I've ever been to!

FRIENDSHIP

By MIA C.

What's the meaning of friendship? The meaning of friendship is creating a special bond with someone else. Friends see to each other's needs through the best and worst times.

To have a friend is lucky. If they get into arguments they forgive each

other in the end. It's a privilege to have a friend to meet your needs. The greatest kind of friend is a best friend. They are like a brother or sister.

Many people are shy but are still able to make friends. In the future kids should be able to tell their kids a story of adventures

they had with their friends. With friends you can hangout, have sleepovers, and go to each other's house. When you fall, they help you get up. They get your phone numbers so they can know if you're okay when you are absent. Friends care about each other.

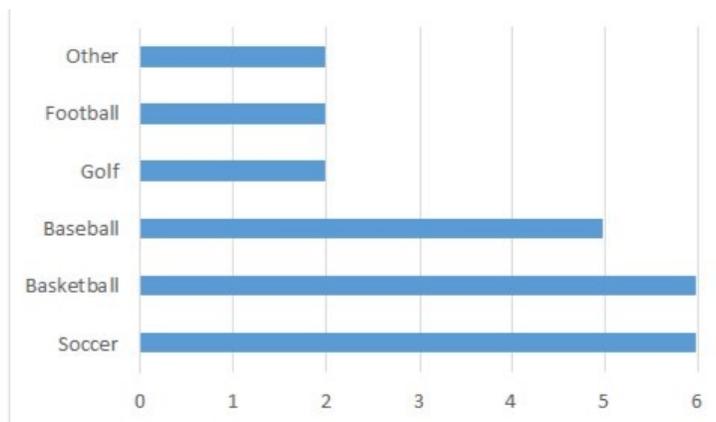

FAVORITE SPORTS

By AFNAN T.

Which sport is your favorite? It's important to know a person's favorite sport. That was a question asked for a survey. The choices were soccer, football, basketball, baseball, golf, and other.

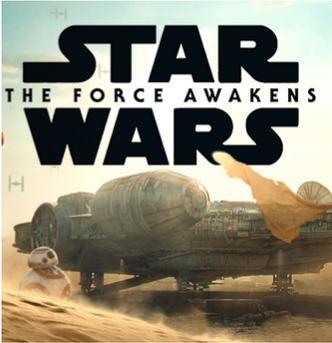

The people surveyed were Press Friends reporters and a couple of men-

tors. There were many surprising results. One thing to learn was that basketball and soccer are more popular than any other sport. Also, baseball came in second with five votes. Golf, football, and other sports tied at two votes.

STAR WARS IS OUT OF THIS WORLD

By DIEGO H.

Star Wars: *The Force Awakens* was out of this world!!! *Star Wars: The Force Awakens* made about \$170 million at the box office in the United States during its opening week. Also as of February 7, 2016, it has generated a global box office revenue of \$2 Billion.

The movie stars Harrison Ford, Mark Hamill, Car-

rie Fisher, Adam Driver, Daisy Ridley, John Boyega, Oscar Isaac, Lupita Nyong'o, Andy Serkis, Domhnall Gleeson, Anthony Daniels, Peter Mayhew, and Max von Sydow.

The genre of Star Wars is action. This story takes place on several planets "in a galaxy far far away." This movie is about a girl named

Rey and a man named Finn, Rey and Finn try to defeat the evil Kylo Ren.

I thought *Star Wars: The Force Awakens* was a good movie. There were only some problems like...I don't want to say because that would be spoiling the movie. But other than that it's a good movie, Again Star Wars is out of this WORLD!!!!

JURASSIC WORLD

By DIEGO H.

Jurassic World was a awesome movie about a park with genetically modified dinosaurs,

The movie takes place in the same theme park with cloned dinosaurs as

in the original movie, Jurassic Park. First it was going all good then, the chaos began. One of the most powerful genetically modified animals, the Indominus Rex escapes from its cage.

Jurassic World was one of the highest grossing films. It made about \$500 million the first weekend worldwide. Jurassic World stands as the 4th highest grossing film with \$1.6 billion in earnings.

DELICIOUS TUNA MELTS

By REBECCA L.

This is the tuna melts when they came out of the Panini grill.
DELICIOUS!!!!

This recipe is going to tell you step-by-step how to make Tuna Melts. This recipe came from my mom, and it is my favorite because of Lent; Catholics can't eat meat on Fridays after Ash Wednesday.

After this recipe you will learn to love making tuna melts.

This meal is nutritious, and delicious because

tuna is a good source of protein.

Ingredients:

2 whole cans of tuna
4-5 scoops of mayo
Sourdough bread
Panini Grill

Cooking Instructions

Open the 2 cans of tuna and put the 4-5 scoops of mayo in a bowl.

Mix the tuna and the mayo together.

Get the sourdough bread and get the mixed tuna mayo and put the tuna mayo and put it on the sourdough bread.

Put the tuna sandwich in the Panini grill.

GRILL IT!

When it's done you take it out of the Panini grill.

SERVE IT!!!!

THE LAND OF STORIES

By MARIA T.

The *Land of Stories* series was written by Chris Colfer.

Alex Bailey is one of the main characters. She is very studious and she is considered the teacher's pet. She is also Conner Bailey's twin.

Conner Bailey is a person who sleeps all day and is very social. He also hates his teacher, Mrs. Peters.

Froggy is a friend of the twins and gives advice to them during their journey in the Land of Stories. Froggy

is also Prince Charming but was cursed as a frog.

Red Riding Hood, as known as Red, is a bit selfish and is smart. She is nice to her people in her kingdom.

Jack is now a grown man and is famous for his story, Jack and the Beanstalk.

Goldilocks is a criminal and raids kingdoms. Fairy Godmother is the grandmother for the twins and controls the fairy council.

I think most people

would like this because it is very exciting and adventurous. This book series is full of action. According to the comments of other students, they think these books are really long but VERY addicting. I think everyone ages 8 and up would enjoy these books. I suggest that people should start from the first book to the next because they pick up from where they left off.

This book can be recommended for children 8 and up, for both boys and girls.

THE BAD BEGINNING

By AFNAN T.

The *Bad Beginning* is my favorite book in the series of books called *A Series of Unfortunate Events* (SOUE). It also is the first book in the series written by Lemony Snicket.

The characters are Violet, Klaus, and Sunny Baudelaire. Violet is the oldest of the orphans and is an inventor. Her first appearance in SOUE is in *The Bad Beginning*. When she's thinking about an invention, she ties her hair in a ribbon.

Sunny is a baby that likes to bite things. Her skills are used to help them with their unfortunate lives.

Klaus likes to read books to find information. He is twelve years old.

The Bad Beginning is about three Baudelaire orphans whose parents died. Now they live with their relative Count Olaf.

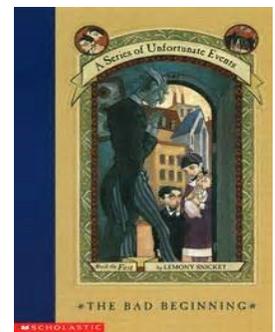

Mr. Poe is in charge of the family's enormous fortune. Olaf knows about the fortune and plans to steal it. The orphans have to try to stop Olaf by themselves since Mr. Poe doesn't believe them when they complain to him about Count Olaf. The story takes place mostly at Count Olaf's house.

My favorite character is Violet because she's smart and a good role model because she is smart.

I liked this story because after the orphans solve a problem, another one pops up. Also, the orphans keep trying despite the obstacles.

Last, while the book is still serious, it also has some funny parts.

The book is good because it is a good model for unfortunate people. This book is recommend this book to both girls and boys that are 9 and up.

SEUSSICAL THE MUSICAL

Jordan Simpson as Horton

Dear Horton,

I hope that the Who's are okay with you on that speck of dust. It is true that "a person's a person no matter how small." I like that you kept all of the promises you made. It is really important to keep promises and friends. It would be amazing to meet you, Horton.

From Ryu A.

Dear Horton,

You are really cool. I like your giant ears. I like how you kept your promise to save Whoville and to care for Mayzie's egg. I also like how you said, "A person's a person, no matter how small." Horton, I wonder how you survived the cold and mighty winter?

From Josue L.

Dear Horton,

In my opinion, you were the best character. My favorite part was when you were taking care of Mayzie's egg. You were just waiting there, sitting in the nest, waiting forever.

I also liked the part where you were looking for the clover that had the Who's on it. I remember when the clover was taken away from you, and you were chasing the three monkey brothers, because they took the special clover away from you. I think the moral you tried to show

was "never give up, no matter how small." The moral of the play was to use your imagination and think!

I also liked when you were on top of the staircase singing to JoJo [Editor's note: one of the children in Whoville]. Remember, "a person's a person, no matter how small!"

From Lander S

Dear Horton,

I like the part when Horton takes the small little egg and gets in the nest and takes care of it while the mother of the egg, Mayzie, was on vacation.

Your voice was totally amazing and Horton was an amazing character. Horton took care of Whoville town, and he was calm and did a fantastic job with everything he set out to do.

Good job on your performance. Horton really did make a difference with the clover.

From Rami N.

Dear Horton,

I loved the musical *Seussical* because of you. Most of the story was about you and the Who's. The moral or the lesson of the story was that everyone counts, no matter how small they are. You were willing to help anyone that needed help like when Mayzie wanted a vacation from sitting on her egg,

even though she betrayed your trust, you kept your promise and sat on her egg, keeping it warm until it hatched. You help people whenever you can, and do whatever you can do to help someone like the Who's.

*Sincerely,
Raphael U.*

Dear Horton,

Horton is my favorite character, because he was a kind character. He was taking care of the bird egg, and when he tried to give it back, Mayzie, the mother, said "No!"

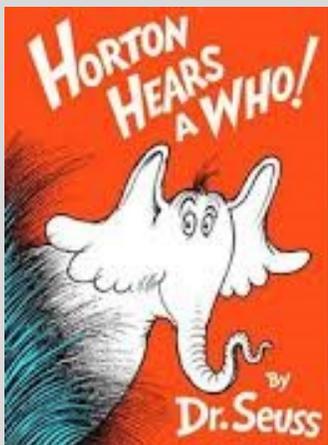

Horton helped save Whoville, a town of tiny people on a little speck of dust. Horton was so nice to save people. Horton believed everyone and other people couldn't change his mind like the Sour Kangaroo.

From Isaac B.

Dear Horton,

You were amazing, and I loved the way you really expressed your feelings. You were happy, sad, energetic, and much more. In my opinion, you were the best actor out there, and I hope you had as much fun acting as I had watching!

All of the parts were great but my favorite part was when you had just found the little town of Whoville and put it on the clover, and then those jungle animals stole it from you! You

LETTERS TO OUR FAVORITE CHARACTERS

had to chase them and you had to wait to finally get it back. Another great scene was when you had to sit on the egg to protect it.

You are a great actor and Horton put faith in everyone big or small. After all, a person's a person, no matter how small!

*Sincerely,
Razan P.*

Dear Horton,

I think that you performed the best. You were the hero of the Who's. You did a great job at playing this role. You helped me realize the moral "everyone should be treated equal," and you showed this by saying over and over "small people are people too." You did magnificent, and I wish you the best.

*Sincerely,
Your biggest fan
Malachi*

Dear Horton,

Good job in the play. You did good. My opinion on Horton was over the limit. I liked the part when you were asked to take care of Mayzie's egg. She said that maybe just for an hour or more. But she did not come back.

I would really enjoy coming back to see you in another play. I also liked when people made fun of Horton, and Horton did not avenge them.

Another favorite of mine was when you said how "size doesn't matter, a person is a person."

This show was a SHOW! It was really cool. Thanks for making it a very fun show.

From Youssef B.

Dear Horton,

I think that your performance was great, and I think you were the best actor in *Seussical*. The show was amazing and you had the most emotional performance in the whole play. You had an amazing personality and you were the best one in the whole cast. I think you were amazing, and I loved your acting.

From Joaquin C.

Dear Cat in the Hat,

I like that you are creative in your own crazy way, but I would like to ask you a question. That question is, "If you could be a human, would you?" I would stay a cat, because you are epic in your very own way. Also, where did you get your hat? I want one like that since my backpack wouldn't be heavy. I would use my hat instead.

You seem like you would be an awesome teacher. This is because you are a cool cat that is smart ... get it. But you

wouldn't be better than Mrs. Frizzle, since you are a cat. I love your charisma.

*Love,
Ruth W.*

Dear Cat in the Hat,

You are really cool and funny. You make words rhyme with no words – like bapple and zapple. You did really well at the play, *Seussical*. I have a couple of questions for you – how did you get your hat? When did you meet Thing One and Thing Two? I wonder what more adventures you will have!

From Justin A.

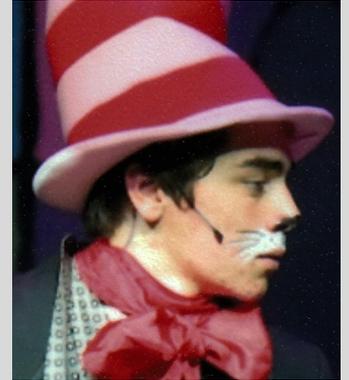

Dear Cat in the Hat,

Seussical the Musical was an awesome event. I loved it, because everyone was on beat and they all had awesome costumes. I like it when they were singing. They all had good voices, and I hope I see them in another musical again, because they all are very great at what they like doing. I'm so glad that Dr. Seuss created all of these cool, funny characters. That's all I liked, Cat in the Hat.

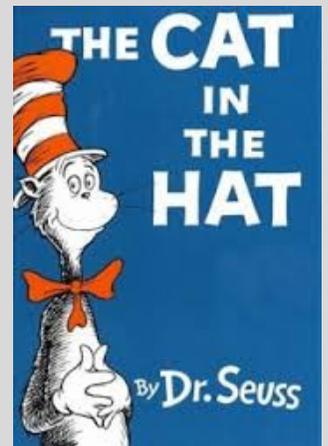

From Nick M.

Dear Cat in the Hat,

You rhymed so many words. How do you remember all those words at once? I think you are just

Michael Moroso as Cat in the Hat

SEUSSICAL THE MUSICAL

Tessa Southwell as Mayzie

like the Cat in the Hat to me. I loved how you put in so much emotion into your acting. When you first came on to the stage with that big boom, I jumped out of my seat. My favorite scene was with you in it. It was the part when you were singing to one of the Who's in the bathtub. Overall, my rating was 100% great.

From Owen M.

Dear Cat in the Hat,

I thought that your performance was awesome. I thought the performance had a piece of Dr. Seuss in it. My favorite part is when you and the little boy JoJo sang together. It was awesome. I think I would be able to perform just like you. Is it hard? Did you enjoy it? Thank you for your time.

From Jada G.

Dear Cat in the Hat,

I wonder how you can rhyme everyday in time. You are my favorite Dr. Seuss character. This is why I'm writing this to you. You character is very good at rhyming. So thank you, Dr. Seuss, for making so many books, and for the joy it brings to readers.

From Diego H.

Dear Cat in the Hat,

I think your performance was awesome and you did good. My favorite

part was when you and JoJo sang a song together. It was amazing. I think that I can perform like you. It seems so much fun.

I was wondering if you like doing it? How long have you been doing it? Thank you for reading this letter.

From Makaila L.

Dear Cat in the Hat,

Today I saw the performance, and it was great. I like the part when you sang with JoJo when she was in the bathtub and you sang that everything is possible. I also liked the part where there were bubbles falling from the ceiling but my friend slapped me when she was trying to pop a bubble.

I have some questions for you. How long have you been doing this and how old were you when you started?

*Sincerely,
Iliana L.*

Dear Mayzie,

I like you, because you are funny, but not always very nice. You left Horton the Elephant in charge of your egg when you went to Palm Beach, enjoying your time while Horton had to take care of your egg. You were relaxing in the sun while Horton was shivering in the snow.

From Rebecca L.

Dear Mayzie,

I really enjoyed the show. I like a lot of characters, but I really liked Mayzie (you).

The thing I like about Mayzie was how she knew her mistake. You were relaxing while Horton was in your nest freezing!

I like how you felt sorry and knew your mistake. I liked Mayzie because she was a vacation person like me. I like vacations and relaxing. I really enjoyed *Seussical the Musical*.

*Sincerely,
Afnan T.*

Dear Mayzie,

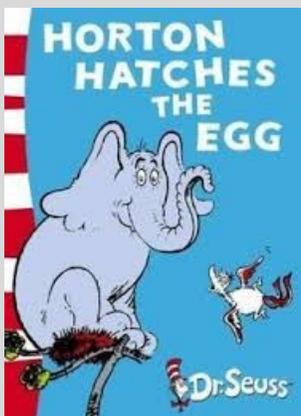

I enjoyed the show. My favorite character was you. I decided to write to you, because your character related a lot to me – sassy and self-centered but funny too. You have attitude.

My favorite scene was when Mayzie was sitting on the nest watching her egg, which, by the way, was gorgeous.

So I see you like vacations. Me too. I love your character, but it was not cool that you abandoned your egg and left it with Horton. You are lucky he has a big heart.

Best wishes on becoming a better bird. Just don't lose the sass while doing it.

*Sincerely,
Malia D.*

LETTERS TO OUR FAVORITE CHARACTERS

Dear Gertrude McFuzz,

I truly loved *Seussical the Musical!* You brought laughter to me, and so much more emotions! My favorite part of the play was when you wanted to maximize your tail growth by eating berries from the "Tail Growth Tree." Your acting was flawless, and I loved the attention of your character. I believe you played Gertrude McFuzz, one of the main characters, perfectly. Thank you and please respond very soon!

From William H.

Dear Gertrude McFuzz,

Truffula trees are red. Birds' tails are blue. And plus I loved the way your tail grew!

I like that you persevered through thick and thin just to be with Horton. I liked that you believed in Horton even when the rest

of the jungle laughed at him. I also liked that you always tried your best. You will always be my favorite Dr. Seuss character.

Thank you for doing awesome in *Seussical the Musical*. I liked when your tail grew to more than one feather. I think you played a very funny character Thank you for being awesome!

*Sincerely,
Emma C.*

Dear Gertrude McFuzz,

I love you because of your loving attitude, not because you grew a long tail.

I really believe that one day Horton will love you. You don't need a fancy tail to impress Horton, He loves you because of your super helpful and loving personality.

Gertrude, you are such an amazing helper, because

without you, Horton wouldn't have found the Who's. You are so perfect, despite being so imperfect. You are one of my favorite characters in the musical.

*Sincerely,
Yrekka P*

Dear Gertrude McFuzz,

You are my favorite character because your tail kept growing and growing. Also, because your acting is awesome. I also love how you did anything for Horton to notice you. You got your tail feathers plucked after growing them. Your singing is also awesome. My favorite part was when you ate all those pillberries for nothing. I think you should be in more plays.

*Sincerely,
Mia C.*

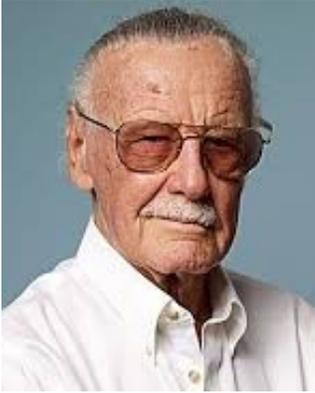

Hannah Bourasa as Gertrude

Four PressFriends schools attended *Seussical the Musical* at the Armstrong Theatre in Torrance

THE MARVELOUS MARVEL WITH STAN

By EMMA C.

Stan Lee played a huge part in the success of Marvel Comics. Because of this, he gets a cameo in every Marvel movie. He gets these parts because is an American comic book writer, editor, publisher, actor, and former president and chairman of Marvel Comics.

The top three Marvel

movies he had a cameo in are *The Avengers*, *Captain America*, and *Thor*. *Thor* was a great cameo for Stan because he was in a pick up truck and he tried to pick up Thor's hammer.

The *Avengers* was also a good cameo for Lee because he is in two scenes. In one scene, he is a man on TV being interviewed

and the second scene is a deleted scene. He talked to Steve Rogers in the deleted scene.

The *Captain America* cameo was awesome because he is a general in World War II who thinks a random man is Captain America.

Don't forget to look for Stan Lee in Marvel movies.

WALT DISNEY

By ILIANA L.

Do you like Mickey Mouse? Well the person who created him was Walt Disney. He was also the creator of Disneyland.

His full name was Walter Elias Disney. He was born on December 5th, 1901 in Chicago, Illinois. He died on December

15, 1966 in Los Angeles, CA. Walt Disney died because of a cardiac arrest following lung cancer surgery. He also had dyslexia.

His spouse was a Lillian Disney (1925-1966). Their children were Sharon Disney and Diane Disney Miller.

Walt Disney was educated at McKinley High School, Kansas City Art Institute and Chicago Academy of Fine Arts.

Walt Disney wanted there to be a happy place so he started to make one and that place is now called Disneyland.

MY FAVORITE NCIS CHARACTER—G CALLEN

By OWEN M.

Chris O'Donnell

In the TV series, NCIS, G Callen is a special agent. When he was young, his mom left his father. After his mom left, his father never got married again.

On the show, G Callen's real name is Grisha Alex Nikolayev. He was born in Romania. Alex's father is

from Russia and is Russian. Alex came from foster care because he knew nobody in America.

Alex went to the Navy Seals at the age of 19. Alex came out of the navy when he was 32, because he wanted to retire at a really early age.

He is a member of the Office of Special Projects or people know it by OSP.

NCIS is a crime show. Over 1 million people watch the show. NCIS stands for Naval Criminal Investigation Services. The character is played by the actor Chris O'Donnell.

WHY DO PEOPLE LOSE MEMORY?

By RYU A.

Why do people lose memory? It is something that happens everyday to everyone, but why does it happen?

When someone learns, that person gains neural pathways that keep that memory inside of his or her head. This ability to grow

neural pathways is called neuroplasticity. Everyone has this ability throughout his or her life.

Many people say that someone can't teach an old dog new tricks, well that's not really true. Anyone can learn at any age of his or her life. It is only harder for an

old dog or any living animal to learn when they get old because they have a physiological change that can cause glitches in brain functions.

Age doesn't cause anyone to lose memory; it only slows the brain.

LAMBORGHINI AVENTADOR LP 700-4

By RAPHAEL U.

The Lamborghini Aventador has all-wheel drive, 691 horsepower and 509 lb-ft of torque thanks to a 6.5-liter, twelve-cylinder engine. The Lamborghini

Aventador gets up to 60 mph in 2.9 sec. The Aventador's is a very powerful car. It has super-wide tires and the car's high performance attitude matches

it's awesome road presence. It has flap open doors and sleek paintwork that gives this car its cool design.

THE EFFECTS OF FOOD DYES

By EMMA C.

Research shows that plain food has food dye. Food dyes are made to make food look fresh. According to an article on cookinglight.com, it will be difficult to get rid of dyes from the food supply. It is obvious that some food dyes are very unhealthy. The dyes cause children their behavior to be hyper and jumpy.

Did you know that studies show that as little as 30

mm of artificial food coloring a day can start to cause children to act not normal or hyper? Many people's favorite food or daily food has food coloring, including Kraft Macaroni and Cheese, Crush Orange Soda, and Fruity Cheerios.

There are seven artificial food colors that were approved for use in the U.S.A by the FDA. There are Blue #2, Blue #3, Green #3, Red #3, Red #40, Yel-

low #5 and Yellow #6.

Some other countries have banned or put rules on the use of these chemicals.

Solutions to this problem are to make our own food dyes by using natural, organic ingredients and by using authentic vegetable based pre-made dyes.

Food dyes can be very bad for people and it is in daily life though no one really notices. But, now you know!

YOU'LL GO IN HUNGRY AND COME OUT FULL

By VILEM L.

In-N-Out is the place to go! With mouth-watering meals and friendly service, In-N-Out is the perfect place to go if you're planning to eat out!

Well, what are the supposed "mouth watering meals?" There is a hamburger, cheeseburger, and the famous Double-Double. They even make custom fries and burgers.

The employees are super friendly and ready to help with a smile. People can see them making the food, due to the open kitchen. This proves that the food is fresh since you

can watch them prepare the food.

In-N-Out is so busy that there are huge lines there. But the happy employees make it quick.

Well, now for the prices. The prices of Combos (including fries and a medium drink) range from \$5.35 to \$6.70, 20.oz. drinks are a low-low price of \$2.15 and fries are astonishingly \$1.60! No wonder that even though In-N-Out was founded in 1948, the business is still going strong.

There are 229 In-N-Outs in California! That's a lot!

The inside of In-N-Out is super clean, even though many visitors go to dine there. So, enjoying the world-famous, juicy, crisp Double-Double in a sanitary place won't be hard.

Based on a survey from the students of Lomita Magnet, it was found that the cheeseburger is the most popular dish. Nine out of 15 students prefer In-N-Out to other fast-food restaurants. The average rating of In-N-Out on a scale of 1 to 10 was a 7.9.

All in all, In-N-Out is the place to go for good quality food.

IN-N-OUT

By YOUSSEF B.

Have you ever heard of In-N-Out? In-N-Out is one of the world's best family businesses. This restaurant sells burgers, shakes, and much more. Some of the bestselling dishes are

their hamburgers. The reason why their food is well known is because they have their special sauce, which helps them attract customers.

In-N-Out is not that

expensive the average price for burgers is \$2.15. Beverages range from \$0.99 to \$2.15. The fries are \$1.60.

These restaurants are all over LA. One of the addresses is 24445 Crenshaw Blvd., Torrance, CA 90505. This location is open from 10:30 a.m. to 1:30 a.m.

Their food is all freshly cut and cooked. There are no reservations needed. If you haven't already tried it, be sure to visit there the next time you are going out to eat.

THE BEST OF IN-N-OUT

By RAZAN P.

In-n-Out is an excellent restaurant, which is loved by the public and one of the highest-ranking fast food restaurants in Los Angeles.

In-n-Out serves many types of food and drinks. Their menu consists of double-doubles, cheeseburgers, hamburgers, French fries, shakes, and beverages. Their “not so secret” menu consists of a 3x3 burger, a 4x4 burger, grilled cheese, protein style burger, and animal style burger.

Some dishes that people like are double-doubles, the shakes, and the fries.

The reasons people like these certain dishes are because they are freshly made, they are healthier than other fast food burgers, and many people think that they are extremely delicious.

The price range for the food at In-n-Out is, starting

with the burgers, ranges from \$2.10 to \$3.45. The fries are \$1.60. The combos range from \$ 5.35 to \$6.70. The drinks range from \$0.99 to \$2.15. These are pretty good prices for most people.

There is an In-N-Out close by at 1090 N Western Ave, San Pedro, CA 90732. It is open from 10:30 am to 1:30 am.

In conclusion, a lot of people love In-N-Out because of its delicious food and drinks. This fast-food restaurant is probably the best in L.A.

THE INSIDE SCOOP ON IN-N-OUT

By RUTH W.

The Lomita Leopard’s Roar did a survey about a local favorite fast food restaurants— In-N-Out.

The first question asked was, “How was the quality of the food that you ordered?” There were no bad reviews by those surveyed. The results were not that shocking considering that most kids think the food is AWESOME! Three people said that the food was good while 11 people thought that the food was excellent.

The next question asked was how did the restaurant look? Now, you also have to remember that they went during different times and some times were busier. Seven people said that the look was good. And the oth-

er seven said the looks of In-N-Out were excellent.

The service and timing were different. Five of those surveyed thought the service was five good, nine excellent, and one horrible.

Finally, the Lomita Leopard’s Roar asked about the timing. Two people said it was slow, five people said it was moderate, and seven people said the service they got was fast.

All in all, In N Out had a good restaurant review.

SAVE THE LOGGERHEAD SEA TURTLES

By MIA C.

Recent studies show that 200,000 loggerhead sea turtles die each year. People think “They have shells, I’m sure they’ll live,” and with that they dump trash and other chemicals into the ocean. People need to realize that they need to help save loggerhead sea turtles. These poor turtles have been on the endangered list since 1987. Why can’t people help save turtles instead of killing them?

Loggerhead sea turtles are the most massive hard-shelled turtles. These turtles are reptiles and carnivores. Loggerhead turtles can live up to 150 years. Their average weight is 235 pounds and their average size is 36 inches. The Loggerhead diet includes animals such as jellyfish, conches, fish, and crabs. Conches are also a type of shellfish. These turtles also eat plants such as seaweed and sargassum.

Sargassum is a type of sea plant. Turtles have been on the planet for as long as dinosaurs roamed the planet. This proves that turtles are important and that people should save them.

In conclusion, people should help save the loggerhead sea turtles. They are a part of ancient history. People’s help can greatly reduce the number of deaths of these sea turtles. Don’t hate. Help this species survive.

THE DENTIST

By VILEM L.

One of the most unpleasant experiences is having a tooth that wiggles and won’t come out. A dentist might fix this. The dentist is a doctor that specializes in teeth and oral health (gums, overall cleanliness, etcetera). He can take care of tooth aches and teeth that are crooked. He can give a patient braces to shape their teeth correctly, or he might give them cavity blocks to stop the spread of cavities.

Many kids and even grownups fear the dentist though. Whenever someone says dentist, people think of huge drills and saws. But that is rarely the case, and if it is, the patient

won’t feel a thing because of the anesthetics the dentist will give them. Usually the dentist will tear out an aching tooth or give the patient some other treatment the cure it, without drills or saws.

Dentists also order regular check-ups like a medical doctor. They will check if a patient’s teeth are clean, their teeth are straight, and make sure there aren’t any other problems with a patient’s mouth. These check-ups are usually fun and interesting, because the dentist doesn’t really do any work on a patient’s teeth, but just goes poking around in a patient’s mouth, makes them drink weird liquids, or cleans their teeth with a special brush and paste.

If there is a cavity in a patient’s mouth, the dentist will take X-rays of it and then drill the cavity out of the tooth. Then he will fill the hole with a special tooth filling, which is usually silver or white.

After having their teeth fall out or pulled out by the dentist, young kids have a privilege. A “tooth fairy” goes to their house at night, takes their tooth, and in its place, leaves a treat such as candy or money.

So, going to the dentist can be a both pleasant and unpleasant experience, but it is never as horrific as people say it is. With today’s technology, going to the dentist is no big deal and nothing to worry about.

PENGUINS

By **AFNAN T.**

Penguins are a kind of aquatic birds that don't have the ability to fly even though they have wings that have evolved into flippers. These flightless birds live only in the Southern Hemisphere, mostly in Antarctica. They are highly adapted for life in the water.

Penguins have a white belly and a black back to act as counter shade, which is a form of camouflage. For example, when penguins are in the water, predators

can't really see them because different body parts look like the ocean or something else. The difference in feather color is called plumage.

Penguins like to feed on krill, fish, squid, and other forms of sea life. They spend equal parts of their life in the ocean and on land.

Did you know that the largest species of penguins is the Emperor Penguin? There are many exciting facts to learn about penguins, and here are a few.

The average adult penguin is 3 ft. 7 in. tall and weighs 77 pounds or more.

The smallest species of penguins are the little blue penguin. These penguins are also known as fairy penguin. They are around 16 inches tall and weigh 2.2 pounds. Some are found in New Zealand and Australia.

A fun fact about penguins is that larger penguins inhabit colder regions while smaller ones are found mostly in temperate or tropical climates.

YO YO'S

By **NICK M.**

Yoyos are two disks that are put together with a metal or plastic or wood axle. There are many different brand of yoyos, such as Duncan, Magic Yoyos, Yoyo factory, etc.

Yoyos are the new thing at schools right now. A long time ago, yoyos were popular too. The first yoyo that came out was the wooden yoyo by Duncan. Then when Duncan came out with the Imperial Yoyo, they started having yoyo championships at middle schools and high schools.

In 2000, the first metal yoyos came out and were very popular. Now, in 2016, there are a lot of metal yoyos, such as Mighty Flea

by Yoyo Factory, DV 888 by Yoyo Factory, and the Metal Drifter by Duncan.

Yoyos become very important to people in special ways. Some of the yoyo prices will fly right through the roof.

The best beginner yoyo is the Fast 201 by Yoyo Factory, The N11 by Magic Yoyos, the N9 by Magic Yoyos, and the N5 by Magic Yoyos are good too. The yoyos by Magic Yoyos are very well made, they play well, and they do not need too much maintenance. The prices are \$12.00 and up.

Duncan is the best brand and on the top of the list in the yoyo store is Duncan's yoyo called The Bar-

racuda. Many people are dying to buy this specific yoyo.

The most popular yo-yoing style is 5A and 1A. The majority of the people do the 1A yoyo style. It is pretty simple when people learn how to do all of their yoyo mounts. All of the yoyo mounts that you learn will lead you to at least a couple hundred yoyo tricks. Kids are already pros and can do horizontal yoyo tricks and a whole bunch of people are impressed by that when they see him or her at a yoyo championship. They have a lot of yoyo championships at Redondo Beach.

Hope more people will get in to yo-yoing!

CARS

By DIEGO H.

There are several cool and fast cars that were made in 2015. Some are pretty expensive and some are more affordable.

2015 Ford Mustang GT

This Mustang has a very nice design. It has 435 horsepower and a 5.0-liter v-8 engine. You can get all of this for \$32,925..

2015 Chevrolet Camaro S

This car has a cool colors. It has 426 horsepower, a 6.2 liter v-8 engine, and you

can get all of this for the price of \$33,505.

2015 Dodge Challenger R/T

This car has a nice style, 5.7 liter v8, 376 in horsepower, and you can get all of this for the price of \$26,995.

2015 Ford Mustang

A Mustang always looks really good in white, and that's why I love this one. It is so cool, 300 horsepower, and you can get all of this for \$23,800.

2015 Dodge Challenger

This car came in a sick blue color with 375 in horsepower. The cost of this car is around \$26,995 dollars.

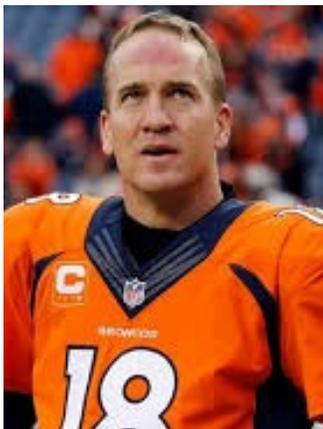

Ford Mustang

The Ford Mustang comes in a dark red design. It has 305 in horsepower, and you can get all of this for the price of \$22,310.

All these cars are really cool, but my favorite type of cars are Mustangs.

MANNING'S LAST GAME

By MALIA D.

Do you hear that? That was the sound of the audience snoring, because the Super Bowl was so boring. You would think that at the grandest stage of them all there would have some interesting plays, but nothing. They had the audience to electrify them, the echo of Levis stadium, and they were great teams—the Denver Broncos and the Carolina Panthers—and still nothing.

If you are still confused the Super Bowl is an annual event that takes place in the NFL (National Football League). So the sport is

the all American sport, football.

It took place in Levis stadium in Santa Clara, and the date was February 7, 2016.

The final score was 10 to 24, and the Broncos won. An interesting fact about the

Super Bowl is that the two teams playing have quarterbacks, as you may know, and they are Peyton Manning for Denver, and Cam Newton for Carolina.

This game was boring, but it will definitely hold a place in the record books,

because it was NFL Hall of Famer Peyton Manning's last game. That is definitely something to talk about.

The 2016 NFL Super Bowl was boring, but we should give a standing ovation to Peyton Manning for over 20 years of football. His plays stood out, and he deserves to be in the Hall of Fame.

FACE OF MLB

By OWEN M.

Jackie Robinson was born on January 31, 1919. He was born in Cairo, Georgia.

Jackie Robinson was the first African American to play baseball in the major leagues in 1947. He won Rookie of the Year the same year.

When Jackie first came into the league nobody wanted him, because he was an African American. Then, the Brooklyn Dodgers said let's give this kid a

chance and started him in first base.

When Jackie Robinson made his debut at the plate, people were booing him. They were booing him at the Ebbets Field in Brooklyn. Jackie Robinson got his first hit at his first game. He hit a line drive to center field. When Jackie Robinson reached first, everybody was stuck in shock. Two people after him hit a single. When the next person was up to bat

he waited one pitch then took off trying to steal home plate. Jackie Robinson was so quick he didn't get tagged.

Number 42 can never be used again in Dodger history. Jackie Robinson retired in 1957. He later died in 1972 in Connecticut.

He retired with a .311 batting average. He stole home plate 434 times. Jackie Robinson was inducted into the Baseball Hall of Fame in 1962.

THE LOS ANGELES CLIPPERS

By LANDER S.

Everybody should love the Los Angeles Clippers! Even though they haven't won any championships, they are still good.

The Clippers have a lot of history to go with that. Founded in 1970, they changed names a lot! In the old days, the Clippers used to be called the San Diego Clippers.

The current owner is named Steve Ballmer and he is new to the Clippers. The owner before got kicked out because of offensive comments to the players.

The team colors for the uniforms are red, blue, black, gray and white. The

Clippers haven't won a championship. Their coach is Doc Rivers, and coaching is the key for winning the NBA championships because you have more power over your opponent.

Their conference is the Western Conference and their Division is the Pacific Conference. They play in the Staples Center in Los Angeles, California.

Ken Norman was a key player for the Clippers in the old days. He is the scoring leader for the franchise and has yet to be beat today. Doc Rivers has a son on the team named Austin Rivers and he is pretty good. The best player in

the Clippers according to the NBA is Blake Griffin. Chris Paul is one of the best point guards in the team and probably the league.

The Clippers are one of the best teams in the whole nation. They have a lot of powerful players. Now do you think the Clippers are the best?

Blake Griffin

SOCCER TEAM MEXICO

By JOAQUIN C.

Team Mexico won many cups. The Mexican national football team has had many great achievements. In other countries, what we call soccer is called football.

One of the recent achievements was when in 2015 the Mexican national team won the CONCACAF Gold Cup. CONCACAF is the Confederation of North, Central America and Caribbean Association Football. In addition to the 2015

Gold Cup, Mexico has won five other CONCACAF Gold Cups, one North American Nations Cup and three NAFC Championships.

In the 2015 Gold Cup, the Mexican national team beat Jamaica, one of the greatest teams.

The national Mexican team won the FIFA cup in 1999. The national soccer team has also won the summer Olympics in 2012.

The national Mexican team has many players.

One of the greatest is Andres Guardado who is a Defender. He made the 2 goals in the Gold Cup, which were the winning goals in the Gold Cup. The two Goalkeepers are Jesus Corona and Jonathan Orozco. Two of the national Mexican team Defenders are Alan Pulido and Isaac Brizuela. Another Defender is Francisco Javier Rodriguez.

The last game of the national Mexican team is against Uruguay on June 5th.

THE NBA

By RAMI N.

The National Basketball Association (NBA) has many famous people like Michael Jordan, Stephen Curry, and Anthony Davis. These players were really good at basketball.

NBA basketball players play offense and/or defense. Most people know the Lakers, and they know Kobe Bryant and Shaquille O'Neal. They work together as a team to win games.

Coaches help the team play their best. The team works hard to focus on the game. That is how they win games. The next strategy you need is to look if somebody is there next to you

then pass to them to shoot and make buckets. They also eat healthy every morning.

Most teams practice all day and that is how they get better in playing basketball. They wake up every morning to practice before they start a game.

Playing basketball is way harder than it looks. You have to practice every day from morning to afternoon. Even Michael Jordan worked harder ever since he was a kid. He liked basketball when he was 3 years old and that helped him a lot when he was a kid

The teams in the NBA

are the Boston Celtics, LA Lakers, Chicago Bulls, San Antonio Spurs, Golden State Warriors, Philadelphia 76ers, Detroit Pistons, Miami Heat, New York Knicks, Houston Rockets, Washington Wizards, Atlanta Hawks, Oklahoma City Thunder, Portland Trail Blazers, Dallas Mavericks, Milwaukee Bucks, Sacramento Kings, Brooklyn Nets, Cleveland Cavaliers, Orlando Magic, Phoenix Suns, Utah Jazz, Indiana Pacers, Charlotte Hornets, Denver Nuggets, LA Clippers, Memphis Grizzlies, Minnesota Timberwolves, New Orleans Pelicans, and the Toronto Raptors.

STEPHEN CURRY—HOOP BY HOOP

By LANDER S.

People consider Stephen Curry to be the best basketball player in the world. It is a close call between him and Michael Jordan.

His full name is Wardell Stephen Curry, but people call him “Steph” Curry! Stephen was born on March 14, 1988 in Akron, Ohio. He got a good education at Davidson College.

People rate him because of his good stats and his experience in basketball. His position for offense is point guard and for defense he plays guard.

He gets over \$11 million per year, but some critics think he is worth \$14 million for the year of 2015!

Stephen Curry is married to Ayesha Alexander.

His dad Del Curry played for the NBA, but he was not as good as his son. Stephen and Ayesha only have one child named Riley Curry. Riley Curry is mostly known for her dancing videos! Finally, Stephen Curry was drafted in 2009 for the 7th pick. Stephen Curry is a great basketball player, and he might even be the best!

THE BAND—5 SOS

By ILIANA L.

5 Seconds of Summer is an all-Australian boy band from Sydney formed in 2011. All the members met at Norwest Christian college in Sydney.

Two of their albums are “Sounds Good, Feels Good”

and “5 S.O.S.” Luke Hemmings is the lead singer and is 19, Michael Clifford is 19, bassist Calum Hood is also 19, and drummer Ashton Irwin is 21

5 S.O.S. is a rock band. The top 5 songs are “She

Looks So Perfect,” “Jet black heart,” “Amnesia,” “She’s Kind of Hot,” and “Good Girls.”

I think people like these songs because they are catchy songs with cool or good lyrics

THE KING OF ROCK

By MAKAILA L.

Elvis Presley is the King of Rock. He became popular with the fans of rock.

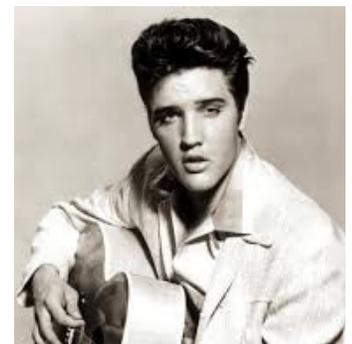

Elvis was born on January 8, 1935 in Mississippi. He was a singer. Elvis was known as the King of Rock because he was a really good rock singer.

Most people do not

know that he also sang gospel. He served in the army. He was also 6.0 feet tall. He had a mansion in Memphis, Tennessee, called Graceland.

Elvis was married to Priscilla Wagner. They had a kid named Lisa Marie. She took after her father and is a singer and a songwriter.

Elvis died on August 16, 1977 when he was 42 years old. He died because of cardiac arrhythmia. Even though he is dead, he is still a very famous rock singer. He recorded more than 600 songs. He also acted in a lot of movies. He is a very famous singer, and a hero to many and to me.

ALL ABOUT ADELE

By GEMMA H.

Adele is an inspiration for many. This wonderful woman was born on May 5th, 1988, in London, England.

She was born to a family including Penny Adkins and Mark Evans. They gave her the beautiful name of Adele Laurie Blue Adkins. Ever since she can remember she loved the sound of singing. When she turned four years old, she started to sing more and more.

When she was old enough she enrolled into BRIT School for Performing Arts and Technology. This

helped her become a beautiful singer. This image to the left is a picture of her performing on her acoustic guitar as a teenager.

For her high school graduation, she created the song *Hometown Glory*. After she graduated, she published her song on Platforms Magazine and MySpace. Many loved her work so she decided to write more songs such as *My Yvonne* and *Daydreamer*. *Hometown Glory* was released in October 2007. Finally she worked with Virgin Records to create beau-

tiful songs and albums such as *Hello*, *Blue Eyed Soul* and *Chasing Pavements*.

THE QUEEN OF TEJANO MUSIC

By JADA G.

Selena Quintanilla is the queen of Tejano music and became very popular with Tejano music fans. Tejano music is the name used to describe Tex-Mex music. At the Tejano Music Awards she won Best Vocalist and Performer of the Year in 1987 and then for nine consecutive years.

Selena Quintanilla was born in 1971 in Lake Jackson, Texas. She was the youngest of three children.

Around the age of 10, Selena became the lead singer of Selena y Los Dinos, her family band with

her older brother, Abraham III and her older sister, Suzette. When she was 21, Selena married Chris Perez, who joined the band as a guitarist.

Selena was shot and killed by the president of her fan club, Yolanda Saldivar on March 31, 1995. Yolanda had been managing *Selena's Etc.* boutiques, but she was fired for embezzling money from the fan club and from the boutiques.

Selena's death as 23 shocked everyone, and many of her fans mourned

the singer's passing. Many of her fans lit candles and had pictures to remember her by.

A movie on Selena was released in 1997. The role of Selena was played by Jennifer Lopez. The movie shared a little bit about Selena's performances; it also tells how Selena's little family band became a success.

Selena's solo albums were: *Selena* in 1989, *Ven Conmigo* in 1990, *Entre a Mi Mundo* in 1992, *Amor Prohibido* in 1994, and *Dreaming of You* in 1995, which was released after her death.

TUPAC SHAKUR

By RAZAN P.

Tupac Amaru Shakur was an American rapper who was one of the greatest rappers of all time.

He had multiple songs describing the struggle of the cruel world for a black man like him in America. He was an amazing rapper who wanted to change the world to make it a better place for everybody.

Tupac Shakur was born in New York City on June 16, 1971. He is the son of Black Panther activist. His mother is Afeni Shakur and his father is Billy Garland, whom Tupac never met until he was an adult.

Tupac had a difficult childhood and got an edu-

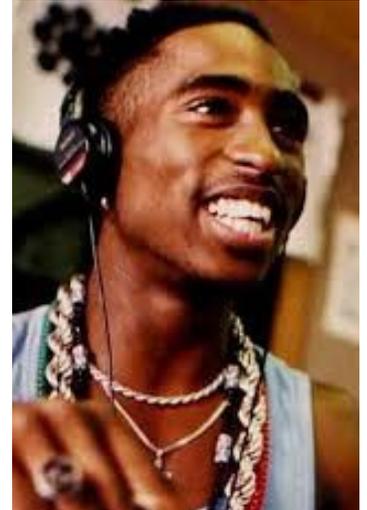

cation from his mother as well as his schools. When he was a teenager, he attended the Baltimore High School of Arts.

When he was studying in Baltimore, he discovered an interest in rapping and started performing as an MC. His family then moved to the west side and Tupac joined Digital Underground before going solo.

Tupac absolutely blasted off as a solo artist, going by the name 2Pac. He made his debut album 2Pacalypse and his track *Brenda's Got A Baby* reached no. 3 on the Billboard Charts. Around this time, he started to star in

movies such as *Poetic Justice*, *Above The Rim*, and *Juice*.

He was a victim of racism and once shot 2 police for brutally beating a young black male for no reason. He never went to jail, as the blame was on the crooked police. He quickly emerged as a one-of-a-kind artist and was in a golden period of his career before his untimely death. He was hated by many other rappers and people because they were jealous. He was shot in September 1996 in Las Vegas. Many people were surprised by the untimely death and they never found out who shot him

GROWTOPIA

By MARIA T.

Growtopia is a sandbox game, similar to the game Minecraft, created by Seth Robinson and Mike Hommel. The game was released on January 11, 2013. Growtopia is available on Android, IOS, Windows and Mac OSX. This game is free, but it has in-

app purchases. Boys and girls 10+ are able to download the game.

Growtopia is a game with no goals, just an infinite number of worlds where you can create whatever you want with all your friends. Everything in the game can be grown in

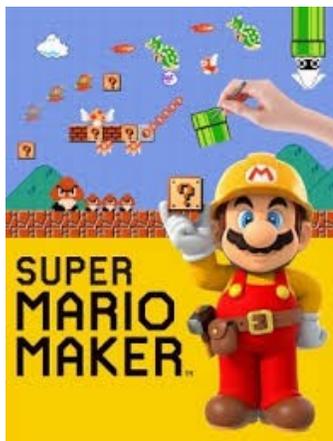

trees. You can discover new things by mixing seeds of trees you already have. New things happen every year, and events happen every month.

I think that this product is really addicting because this is a super fun and creative game. I also think that the game is great because you can be able to meet your friends in there and you can also meet new friends. The game is also helpful because it teaches life lessons.

SUPER MARIO MAKER

By JUSTIN A.

Have you ever wanted to make your own Mario levels? Now people can with Super Mario Maker. It was developed for the Wii and released in 1995

In Super Mario Maker people make their own Mario levels. Each day if people play Mario Maker for at least five minutes, they get new things to build levels with. But if people get bored with that there are always the challenges.

The two challenges are the Ten Mario Challenge and the hundred Mario challenge. In the Ten Mario Challenge, people have ten lives and they have to beat eight levels without losing all ten lives. In the Ten Mario Challenge, people go through the same levels but in a different order.

In the hundred Mario challenge people have a hundred lives and they go through random levels. In

the hundred Mario challenge there are three difficulties, which are easy, normal, and expert.

Next there is online where people can share their levels and play other peoples' levels. The problem is that people cannot search up the levels that they want. So if people want to have fun with their Wii U then they should play this game.

SUPER PAPER MARIO HARD BOSSES

By JOSUE L.

Brobot the very annoying boss. He is Mr. I.'s bro and a robot. Mr. I. treats Brobot as a real brother. He is located at the Whoa Zone. His max health or HP is 255, which is really helpful to know. His attack is 4 so that is also helpful. His defense is 4 but if attacked with fire it is 8 (Bowser is not helpful in this boss).

Super Dimentio is the last boss on the story mode. He comes right after defeating Count Bleck (learn about him in paragraph 4). He is located in Castle Bleck. His max health or HP is 200 (wow). The attack of this boss is 6. His defense is 0 on his

head and 4 on his body.

Bonechill is not a smart boss at all. He is located in the Overthere (yeah its called The Overthere). His health is 80. His attack is 4. His defense is '??' (No one knows).

Count Bleck or Lord Blumiere the 2nd to last. He is located in Castle Bleck. His attack is 8. His defense is 0 (with the Chaos Heart he is invincible with it).

The next boss is the Underchomp. He is located in the Underwhere Road. The attack of them is 3 each. Their defense is 4 each.

The next boss is Shadoo he is a copycat and he first copies Bowser. Dark Bowser

(that is Bowser copycatted by Shadoo) is located at the Flopside 100 Pit Trail Dungeons. His max HP or health is 100. His max attack is 20. His defense is 4.

Then Shadoo will copy Princess Peach. Her max HP or health is 100. Her max attack is 10. Her defense is 0.

Then Shadoo copies Luigi. His max HP or health is 100. His max attack is 10. His defense is 0.

Lastly Shadoo copies Mario. His max HP or health is 100. His max attack is 10. His defense is 0.

These are all of the hardest bosses in Super Paper Mario.

GET OBSESSED WITH QUIZUP

By YREKKA P.

Looking for a new game to obsess about? Try out QuizUp and forget about Trivia Crack. Think you know the best about *Once upon a Time*? Test your knowledge with the *Once upon a Time* quiz.

QuizUp was made by Plain Vanilla Games, a new company. You can test your knowledge on more than enough quizzes. This is also educational because of its math-related quizzes. If you still aren't already obsessed here's some more information.

There are many reasons to play this game, and here are some of them. For one you can earn many awards and achievements. This game also let's you interact with your friends and make new ones. Plus it has many quizzes to choose from like Minecraft, Frozen, and many others. It also has every state's popular trivia topic. California's most popular is *Name The Celebrity*. The top topic is *Name The Logos*. QuizUp let's you also make your own quiz.

QuizUp does have a few flaws, like every other kind of app. QuizUp shows your personal information. Plus it can show strangers your Facebook ID and email address. QuizUp may have flaws but it is still the best.

In conclusion, this quizzing game is a really fun. You can test your knowledge on your favorite topic. You also can learn while having fun. QuizUp is one of the best games in the world, but make sure it's okay with your parents before you download it.

THE WORLD OF UNDERTALE

By JUSTIN A.

Undertale is a game created by Toby Fox. Another thing that Toby made was an Earthbound Halloween hack. Some characters in Undertale are Frisk, Flowey, Alphys, Undyne, Toriel, Mettaton, and Mettaton Ex. There are also two skeleton brothers called Sans and Papyrus. They are named after fonts that are on a computer.

There are two routes to take. These routes are the pacifist route and the genocide route. I recommend the pacifist route first because people will not get the genocide route if they do it first. In the pacifist route the

character does not fight, but he makes friends with people. If people do the genocide route the character kills everybody he encounters. Everybody is afraid of him. He kills all his friends.

The plot of the story is there was a war between humans and monsters. The humans won and the monsters are stuck underground forever. The monsters need seven human souls to escape the underground. They have six. But then the character falls to the underground. Everybody wants to kill him to get his soul. But you do not

want to kill anybody because the character is in the pacifist route first.

Overall the game is really good. It got great reviews. This game is one of the best I have ever seen.

Note to parents: According to commonsensemedia.org, this game is appropriate for ages 9 and up. "Cleverly, it emphasizes understanding that the old trappings of violence and beating up enemies without real cause can be totally ignored or considered a last resort. You have no cause to hurt anyone..."

NOTE FROM PRESSFRIENDS

Congratulations to all the 2015-16 Lomita Leopard's Roar reporters on a great job! We are so proud of all the reporters and hope everyone enjoys this issue.

None of this would be possible without all the time that Ms. Brittany Breland volunteers to oversee the program. And we are grate-

ful to her own children who join us on some of the trips when it takes Ms. Breland away on the weekends and when they are on school breaks.

We also appreciate the support of all the fifth grade teachers and your principal, Mrs. Monica Friedman. Without their support, the program would not be the great success that it has been this year.

I'd also like to thank all the PressFriends mentors at Lomita Leopard's Roar. For Emily, Kaitlan, Katie, Tori, Matt, Austin and me, we'll be moving on to college next

year, but we won't forget all the great times we've had at Lomita Math/Science Magnet. There are a great group of mentors following us, and you'll recognize Morgan, Marissa and other familiar faces next year.

*Tessa Southwell, President
PressFriends Student Board*

**Thank You to
BRITTANY BRELAND
for serving as Faculty Advisor**

PRESSFRIENDS AND LOMITA LEOPARD'S ROAR

would like to thank

CRAIL-JOHNSON FOUNDATION

BANK OF THE WEST and

L.A. COUNTY SUPERVISOR DON KNABE

for their support
