Learning about HOME

By Joseline R.

The *Foshay Flash* attended a screening of the movie, *HOME*, with eight other PressFriends programs at Twentieth Century Fox studios. We interviewed the producer of the movie, *HOME*, Suzanne Buirgy, to find out more about the movie.

Foshay Flash: How long did it take to make the movie, *HOME*?

Buirgy: It took seven years from the time the director, Tim Johnson, read the book to release.

Foshay Flash: How did Tim Johnson get the idea to make the movie?

Buirgy: Tim read the book, *The True Meaning of Smekday* [by Adam Rex], to his boys one night and then finished reading after they went to bed. He suggested that the studio purchase the option to the book.

Foshay's Third Annual 5K

By Joel V.

Foshay held its third annual 5K on May 9. When it was about to start, my mom told me and my brother to start slowly but we didn't listen, so we got tired fast.

We were running from Foshay to Figueroa. I remember that I saw a shoe-box and thought that

someone might have changed their shoes.

At Figueroa, the runners were given wristbands to confirm that they made it to Figueroa. The runners also received water.

Alondra Juarez won first place for Elementary. There was also a kids'

dash. Two second graders were among the top three runners.

The Foshay 5K was a bomb this year. If you have never entered the 5K, then you should think about entering the 5K next year. ❖

Finding Out About HOME

By Lynda P.

HOME is an animated movie about an alien race called Boov, who take over Earth when their own planet is destroyed by their enemies, the Gorgs. The main Boov character is Oh, voiced by Jim Parsons, who meets a human girl, Tip, voiced by Rihanna.

The *Foshay Flash* wanted to find out more about the story, and asked the producer, Suzanne Buirgy.

Foshay Flash: Why does Oh turn green when he is lying?

Buirgy: He feels guilty.

Foshay Flash: Why is the cat named Pig?

Buirgy: That was the cat's name in the book [*True Meaning of Smekday* by Adam Rex]. He designed him so he had a curly tail like a pig.

Foshay Flash: Why is the movie named Home?

Buirgy: We wanted a title that every country would understand. Home is a place everyone wants. A place where we feel safe with people we love.

Foshay Flash: Why are the Boov called the Boov?

Buirgy: That was the name of the alien species in the book

Foshay Flash: Why was Tip's dad not in the movie?

Buirgy: We wanted both Tip and mom to be left alone so that the moment of the reunion was as emotional as possible.

Foshay Flash: Why didn't the movie show when Oh made the Slushies?

Buirgy: We tried to put that in the movie, but we had to cut the idea because it was more important for us to get Tip and Oh on the road so we could start to explore their relationship.

Foshay Flash: Why didn't the other Boov like Oh?

Buirgy: He was different from them and they didn't understand him.

Foshay Flash: How long did it take to make the characters?

Buirgy: It took about 2 years to work through the character design process and modeling the characters took anywhere between 4 to 8 weeks each, not including Tip's hair and clothing.

Thanks, Ms. Buirgy, for helping with this article. ❖

HOME is where the Heart is

By Jocelyn M.

HOME is a good movie for kids that like funny and sad movies that teach lessons about caring about people.

The main characters are a girl named Tip, her cat Pig, and an alien from the Boov race called Oh.

I like the movie because Tip and Oh develop a special bond

together, and Tip teaches Oh about friendship.

The problem in the movie was that the captain of the Boov took something from another alien race, the Gorgs. The Boov escape to Earth and decide to take over Earth for themselves. They put all of the humans—except for Tip—

somewhere far away, and Tip and Oh go on an adventure to search for Tip's mother while Oh tries to save the Boov race from the Gorgs.

This movie has comedy, suspense, and is good for all ages. ❖

Mysteries of HOME

By Julissa R.

Suzanne Buirgy

In *HOME*, the alien Oh made the human girl Tip's car fly, but if you watch the movie, there were also a lot of things Tip taught Oh about being a friend.

The *Foshay Flash* talked to *HOME*'s producer Suzanne Buirgy about the movie. Ms. Buirgy is also a singer and songwriter, and she helped put the music together for the movie.

Foshay Flash: How did a car fly by using smoothies?

Buirgy: Boov technology.

Foshay Flash: Why does the super chip have a lot of energy?

Buirgy: Gorg technology [Editor's note: *The Gorgs are the aliens who are chasing the Boov.*]

Foshay Flash: Why did the Gorgs use giant suits instead of smaller suits that were their size?

Buirgy: They wanted to appear bigger and badder than they really were.

Foshay Flash: Was it hard to find an actor for the Oh's part?

Buirgy: We go through an intensive casting process, but Tim always felt Jim Parsons was the actor he wanted to voice Oh.

Foshay Flash: Will there be a *HOME 2*?

Buirgy: We don't know yet! If you want to see *HOME 2*, go see the movie again and tell your friends to go see it!

Foshay Flash: Why did Captain Smek [a Boov alien] take people away from their homes?

Buirgy: Because the Boov needed a Home planet and he had misperceptions about humans and thought he knew what we needed to be happy.

HOME is a really funny movie and one everyone in your family will enjoy the movie.

If you haven't seen it yet, be sure to see it so there will be a *HOME 2*! ❖

Fun Facts about HOME

By Kyle G.

HOME is a really funny movie that also makes you think about how you treat others. The *Foshay Flash* talked to HOME's producer, Suzanne Buirgy, to find out more about the story of HOME.

Foshay Flash: Why does Oh turn different colors when he has different emotions?

Buirgy: Each color represents a different emotion. We wanted to show that Oh was a Boov who experienced a bigger range of emotion than other Boov who only felt afraid, mad, and sometimes slightly pleased.

Foshay Flash: Why does Kyle not want to be Oh's friend?

Buirgy: Because he doesn't understand him and the Boov do not value friendship.

Foshay Flash: Why does everybody want to be Oh's friend at the end of the movie?

Buirgy: Because Oh saved them from the Gorg and they start to understand that there may be some value in running towards the danger rather than running away all the time.

Foshay Flash: Why was the invitation [to the Gorgs] not stopped?

Buirgy: No one knows why the other aliens still got Oh's invitation but the Gorg did not come to earth because of the invitation, he came because he was tracking the rock.

Foshay Flash: Why didn't the Gorgs come in their real version?

Buirgy: Because they wanted all the other aliens to think they were bigger and badder than they were.

Coming in their real form would make them appear vulnerable and, just like in nature, that means you might look weak to another species. ❖

HOME hits a Home Run

By Steve C.

In the movie HOME there were aliens called the Boov. The Boov were funny and the best part of the movie was the interrupting cow joke.

In the movie, the Boov took over Earth as their home planet. All of the humans were taken away except for a girl named Tip.

A Boov named Oh found Tip and her cat named Pig. Their mission was to find Tip's mom and stop a message from being sent to the Boov's enemies, the Gorgs.

The problem was that they did not know the password to stop the message from reaching the Gorgs, and revealing their hiding place on Earth.

When they found the password, they tried to erase Oh because the head of the Boov, Captain Smek, said that if there are any mistakes, then you are out.

They escaped Paris and went to Australia to find Tip's mom. They did not find Tip's mom for a while because Oh left home. Oh was still in trouble and told the

Captain Smek that he was a bad leader.

Captain Smek was going to hit him but Oh's friend, Kyle, helps him. Kyle then became the captain. Oh went back to help Tip find her mom. They found her! The Boov became friends with the humans.

I recommend this movie to my friends. You'll hear Rihanna as Tip, Jim Parsons as Oh, Jennifer Lopez as Tip's mom, and Steve Martin as Captain Smek. The movie is rated PG and everyone will like it. ❖

More Movie Reviews of HOME

HOME is an animated movie about aliens (the Boov) who come to take over Earth.

HOME is a good movie because it is sad and funny, and I love it. It is one of the best movies ever.

In the movie, there was a girl named Tip who was sad because the Boov took all the humans, and she didn't know where her mom was.

Tip also had a cat named Pig. Tip saw an alien named Oh and they became friends. Oh said that he would help Tip find her mom. Tip and Oh looked all day for her mom and stopped in Paris but she was not there. They got in the car and went to go look for her and finally found her.

The evil Gorg species came to Earth to look for the Boov, and Oh told Tip to stay in the car. Oh told him to stop but the Gorg did not. Then Tip told him to stop and he stopped.

Oh almost got killed and it was sad, but then it was happy at the end.

HOME is rated PG and it is a good movie to watch for kids in the third, fourth, and fifth grades.

By Jasmine F.

HOME is about an alien named Oh who gets into trouble with his alien species and who meets a girl named Tip. Tip locks Oh in a freezer but lets him out because he said he could fix her mom's

car. Oh makes different changes to the car to make it float.

Oh sends a message for his party but he sends it to everyone in the galaxy, and now the enemy called the Gorgs knows where they are.

Oh and Tip take her flying car on an adventure to find Tip's mom. Oh hides from the Boov because they try to erase Oh since his message gave away their location. In the end, Oh inserts the password for the message so that it won't be sent.

By Gisselle G.

The movie HOME, started with an alien named Oh who was moving to the planet Earth. When Oh was traveling, he met a girl named Tip. She needed help with her car, so Oh helped her.

Tip lost her mom so Oh and Tip went on an adventure to find her. They went across the ocean and they laughed and played games. When they couldn't find Tip's mom, Oh decided that he had to leave. Tip stayed and continued looking for her mother in Australia. Oh came back because he noticed that the girl couldn't find her. I recommend this movie to people who likes adventure movies and emotional movies.

By Evenny G.

In the movie, HOME, my favorite character was Oh because he was a nice alien who had courage to help a girl named Tip and her cat named Pig. There were aliens called Boov and the bad guys called Gorgs. Oh was very clumsy but the Boov took Tip's mom and Tip and Oh worked together to find her mom.

By Geoffrey P.

HOME was a good movie because of the really good animation. I would recommend this movie because of the funny Boov named Oh. The other Boov always complained when Oh was around. The Gorgs would attack the Boov because the Boov took their baby stone.

By Jeannely S.

HOME is a movie about Oh and Tip and their lives. The movie is really funny and sad. Oh and Tip both do the same things. Oh was being bullied by everyone and nobody liked him. The Boov enemy was the Gorgs, and Oh and Tip looked everywhere for Tip's mom. They could fly anywhere they wanted. I would recommend this movie to everyone.

By Jesus M.

HOME was a really good movie. It was sad and funny. In the movie HOME, the main characters are Tip, Oh, and Pig. Pig is a cat and

Tip's pet. Oh is a type of alien called the Boov. The bad aliens were called the Gorgs, but the Boov called them takers because they would always take things the Boov had. Tip was a girl who was just trying to find her mom when planet Earth was invaded.

By Jimena H.

Oh is a Boov alien. Oh got into trouble because he sent a message to the entire universe and told the Gorgs, enemies of the Boov, where the Boov were hiding. Oh is brave just like a girl named Tip. Oh helps Tip find her mom because the Boov took Tip's mom.

Every time Oh goes through different emotions, his face turns different colors. At first Oh was not liked, but in the end he saves the world.

By Brian B.

HOME is about an alien named Oh that came to earth and gets in trouble. Oh meets a girl named Tip and helps her find her mom. My favorite character is Oh because he is funny and nice. Tip found her mom and Oh became captain and went back to Earth to be with Tip. My favorite part was when Oh goes back to Earth and sees Tip. I recommend this movie because it is funny, sad, and nice.

All the Boov took over Earth and they moved all of the humans to the desert. Tip was left behind in her apartment where her mom and she used to live. The story takes place all over the world.

My favorite character is Oh because he is very funny, caring, and a great helper. I liked the movie because it was very funny and a bit sad. This movie is perfect for boys and girls of all ages.

By Leila A.

By Joel V.

The characters' names are Oh, Tip, Pig, and Tip's mom. The movie was good, interesting, and sad.

Tip's mom was separated from Tip and the alien Oh helped Tip find her mom. Oh fixed Tip's car with the food inside a convenience store and made the car fly. Oh made a huge mistake sending a message about a party to the entire galaxy, so that

their enemies could find them.

My favorite characters were Oh and Tip. Oh was nice, funny, and caring. Tip was caring and funny.

By Roselyn B.

Knock, knock. Who's there? Interrupting cow, moo. This was my favorite joke in the movie, HOME.

In the movie, there were so many colors and characters. The characters were Tip's mom, Oh, Tip, and Pig the cat. The Boov aliens ran from the Gorgs (also aliens) and Oh almost died. There were also a lot of baby Gorgs that were a whole new generation of Gorgs.

By Steven P.

This article is about the movie HOME. The characters in the movie are Tip, Pig, Tip's mom, and Oh. OH is an alien that changed colors and he turns green when he lies.

The movie is sad and funny. There are flying cars in the movie. It has a lot of adventure too.

By Alondra J.

In the movie HOME, Oh did many things. Oh was an alien and he always obeyed Captain Smek but he made a lot of mistakes. Oh had to fix Tip's car to get out of a freezer, and he used slushies to fix the car.

When Oh is sad his face is blue, when he is mad it is red, and when he lies it turns green. At first, Tip did not trust Oh but they traveled together. Oh almost died, but in the end they are able to find Tip's mom and live happily ever after.

By Brian S.

Tip is a kind person and she is kind of like me. Oh is funny but makes a lot of mistakes. The alien Boov leader was wrong about the humans, because he thought that they acted wrong and wanted to change them.

By Cristina O.

The movie Home was really good. The best part of the movie was when Oh said an interrupting cow joke. Oh was one of the main characters, and the other main character was Tip. The movie was full of friendships and it was inspiring. It was a very sweet movie.

The starfish at the end of the movie was great. It was very funny when Oh started danc-

ing in the car and when all the aliens were dancing at the end of the movie.

Tip and Oh visited Australia and Paris during their adventures, and it was fun trying to guess what they would do next.

By Wendy R.

The movie Home was great. My favorite part was when Oh said, "My hands are in the air like I just don't care," as he started to dance.

My favorite character is Tip because she is smart. I also like the Boov aliens. Tip's mom is also caring. In the movie, the Gorg mother ship was trying to destroy the Earth. Also, I thought that it was weird that the cat was named Pig.

By Janay R.

The best part of the movie HOME was when Oh fell off his car. It was funny when Oh jumped off the car that Tip was driving.

The movie was good and the animations were funny. Fox worked hard to make this movie and it was very good. It was funny when Oh turned green when he lied. The sad part was when Oh almost died at the end. It was weird that the cat was named Pig. HOME was the best movie.

In another episode, the ice king writes another world that is the same as the world that ice king is in but the genders are changed. In that episode the ice

king is reading the book to Jake the dog.

The characters of *Teen Titans Go!* are Robin, Star Fire, Cyborg, Beast Boy and Raven. *Teen Titans Go!* is based on the series *Teen Titans* that was on Cartoon Network from 2003 to 2007.

Teen Titans are superheroes that save the world from bad guys. The only bad guys I know are Brother Blood and The Hive. Some of the Titans are silly but Robin takes his job seriously. Cyborg likes

meatball party. Beast Boy is the lazy one who only likes to play video games. Raven is the most powerful one. Raven's dad is bad but Raven is good she uses her magic powers to protect the world. ❖

About PressFriends

PressFriends was formed in 2008 by kids for kids, and today is still an all-volunteer organization run by students. We have afterschool newspaper clubs in eight Title I elementary schools, two Boys & Girls clubs, and two community centers. We also hold weekend workshops at the Lawndale Library and at the Cabrillo Marine Aquarium. We publish newspapers for each of our programs, and since 2008, we have published over 90 newspapers and printed over 45,000 copies of those newspapers.

Note from PressFriends

By Luke Southwell, President, PressFriends College Advisory Board

We had a great year with the 4th and 5th grade reporters on the *Foshay Flash* newspaper, and we hope to see all of returning reporters again next year. We also hope that if you are going into the 4th and 5th grade in the fall that you'll join us.

This year, we had a lot of fun field trips. In the fall, we went to see a play at the Armstrong Theatre in Torrance and interviewed the actors after the play.

In the spring, we went to PressFriends 6th Annual Conference with 250 other kids. We

went to a screening of the movie, *HOME*, at Fox Studios in Century City. Then we went to UCLA for lunch and a scavenger hunt, as well as a fun anti-bullying presentation. All of the reporters received trophies for their participation in PressFriends.

The Foshay Flash program is made possible by the USC Good Neighbors program.

We would like to thank Ms. Jasmine Tigolo, your 5th grade teacher, for overseeing the program. She volunteers her time to help with our writing workshops.

We would also like to thank Mr. Patrick O'Donnell for overseeing all of our mentoring sessions afterschool this past spring.

We also are grateful to your principal, Mrs. Edwards, and to Ms. Lisa Beebe, for the help in organizing the mentoring locations and our field trips.

We are grateful for all the help from the FLC PressFriends mentors. We couldn't have done it without them.

We hope you all have a great summer and look forward to seeing you in the fall. ❖
